# Carlisle Works Hard To Make Your Work Easier

**YOU CAN COUNT ON CARLISLE AS A TRUSTED RESOURCE FOR CRITICAL SUPPLIES ACROSS YOUR ENTIRE SITE. FROM THE BACK OF HOUSE TO THE FRONT, CARLISLE HELPS YOU DELIGHT YOUR GUESTS AND RUN A CLEAN, SAFE AND EFFICIENT FOODSERVICE OPERATION.**

## ***Front of House***

Carlisle is the leader in durable, attractive plastic tabletop ware and table coverings. From classic to festive settings, Carlisle has everything you need for interior, patio, and bar service—besides the furniture and food. We also have a wide range of display and serving ware for buffet, cafeteria, and banquet dining including portable food and beverage bars. Our attractive, durable tabletop and serving ware will save you up to 30% per year in breakage versus china and glassware.

## ***Back Of House***

Carlisle knows how challenging it can be to run a foodservice operation—consistently serving great, fresh food that is cost effectively prepared with stringent food safety practices. You can turn to Carlisle for professional food prep, storage, handling, and transport needs designed for the exacting requirement of foodservice professionals. Our wide assortment of top quality food prep tools, food pans, storage and handling supplies, and transport equipment make it easier for you to operate your business.

## ***Food Safety & Cleaning Tools***

Only Carlisle can provide you a full line of food prep & handling supplies along with cleaning tools and waste handling. We design our products to NSF food safety standards that fit into your ServeSafe® operating practices. Our Carlisle StorPlus™, Sparta® Brush, and Bronco™ brands are crafted to not only help you reduce the risk of foodborne illness outbreaks, they also help you prepare great food in the most cost effective manner. Turn to Carlisle for industry leadership in essential food preparation and cleaning tool solutions.

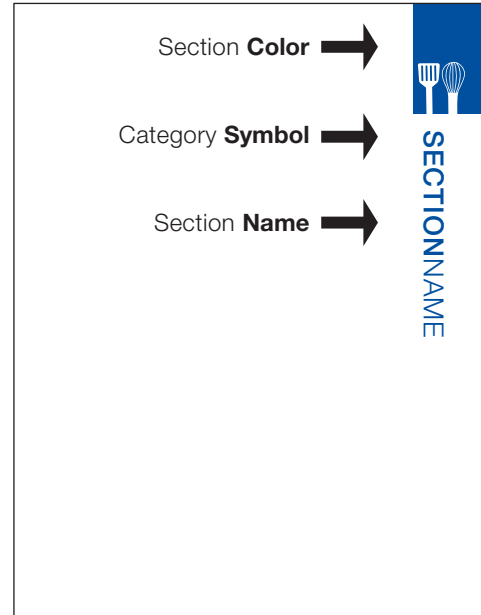

*We're proud to be the trusted resource for your critical front of house, back of house, food safety, and cleaning tool supplies. Turn to the Carlisle catalog to help make your work easier.*

**CARLISLE**  
FOODSERVICE PRODUCTS

# ELEGANT VERSATILE DURABLE BEAUTIFUL **DINNERWARE**

---

*Carlisle offers a wide array of guest pleasing dinnerware choices that can coordinate with every type of venue and cuisine. Set your table with Carlisle and watch the savings stack up vs. traditional porcelain dinnerware. Our durable collections are designed to be beautiful and long-lasting.*

# MELAMINE DINNERWARE

As the sustainability trend continues to grow, sourcing fresh local food and using minimally invasive products in the front-of-house are more important than ever. **Dayton was designed with the environment in mind.** Make the eco friendly choice. Choose Dayton.

DINNERWARE

## Dayton™

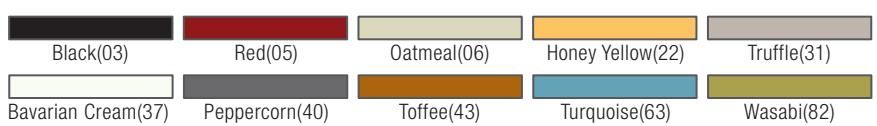

- One of the most eco-friendly commercial grade melamines available on the market
- Classic design is available in 10 stylish colors
- Meets PS25-70 specifications insuring the weight, purity, and quality of our melamine
- Made from 50% sustainable natural resources vs 20% in standard melamine
- Contains a material that will begin to biodegrade in 90 days in a compostable environment
- Withstands the rigors of commercial foodservice dishwasher use
- Maintains its appearance after one year of dishwasher testing
- Dayton melamine is stain, scratch, and break-resistant, making it ideal for any foodservice operation
- Safe for temperatures up to 212° F
- Dishwasher safe

# DINNERWARE ACCENT PIECES

## Terra™

Terra Dinnerware Accents offer the exotic and earthy look of hand thrown pottery with the break resistance of heavy duty melamine. The organic design blends in with many food presentations and styles.

- The look of heavy-weight, hand thrown pottery blends into a variety of settings and offers an exceptional presentation
- Constructed of a unique, break-resistant material with the look and feel of ceramic
- Safe for temperatures up to 212°F
- NSF Listed; dishwasher safe

## Square

As a tasting plate, an accent dish or the foundation for a grand buffet, square plates are on trend. Our square plates have rounded edges and the fine look of porcelain.

- Squares offer the look of ceramics in long-wearing melamine
- Three sizes hold everything from salads and appetizers to buffet style presentations
- Squared rim design is a sleek take on a classic look
- Made of heavy-duty, break-resistant melamine
- Safe for temperatures up to 212°F
- NSF Listed; dishwasher safe

## Square Scoops

- Scoop shaped design holds sauces as well as appetizers or side dishes

## IN-STOCK PROGRAM

Carlisle FoodService is pleased to announce the Marko In-Stock Program. For the very first time, **the most requested Marko table coverings, napkins, skirting and accessories are now available as stocked items.** No longer will you have to place a separate order for your most sought after Marko items. With Carlisle FoodService, **you can count on Marko** to be there for you.

### Ordering Information:

- In-Stock items can be combined on one purchase order with foodservice products
- In-Stock items can be combined with made-to-measure items
- Combined orders of In-Stock items and made-to-measure items will ship together upon completion of the made-to-measure items

### Note:

- Made-to-measure items cannot be combined with foodservice orders

**This is just the beginning—additional items will be added based on demand.**

**For more information please contact your sales representative.**

Table Linens

A smooth luxurious feel and a natural, soft texture between your fingers. Marko SoftWeave table linens and napkins, made of spun filament polyester, deliver the soft feel of cotton, yet don't lint, pill, shrink, or fade like cotton. Thanks to an advanced finishing technology, our SoftWeave is able to remain elegant and soft to the touch longer than spun or 50/50 blended polyester. SoftWeave combines style and sophistication with the performance features and low cost efficiencies you desire. Our advanced stain release technology allows you to wash at a low 120°F rather than 160°F while using half the detergent, dramatically lowering your energy costs.

SoftWeave Square

SoftWeave Round

Classic Twill Skirting w/ SoftWeave Tablecloth

Napkins

Made from our signature SoftWeave fabric, it is amazing how a cloth napkin can add to a dining experience. Enhance the atmosphere of your facility and turn an ordinary dinner, or a “quick bite to eat” into a memorable meal or night on the town. Using cloth napkins can keep your customers coming back for more and for less than you think.

## Vinyls

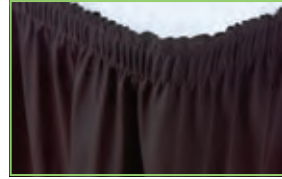

Whether you are looking for the classic checkered vinyl or a new upscale pattern to complete your dining room look, Marko's vinyl has that and everything in between including the elegance and drape of fabric.

Classic™ Series (Red Check)

## Skirting

From banquets, weddings, and buffet lines to meetings, conferences and registration tables, the use for table skirting is limitless. Our TruFinish™ Classic™ Twill skirting, made from 100% filament polyester doesn't fade and resists wrinkles for an elegant presentation.

Classic Twill Black

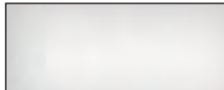

Classic Twill White

### Add Some Sparkle To Your Table Top With Glimmer

Combine Glimmer or one of our other vinyls with traditional table skirting to get the best of both worlds. Vinyls provide an easy wipe off surface for quick spill clean up. Traditional fabric skirting adds the soft touch – perfect for weddings, receptions, buffets, or other special events.

# STYLISH BREAK- RESISTANT CONTEMPO- RARY ELEGANT **DISPLAYWARE**

---

*How you display your culinary creations is what brings your guests in. Carlisle has everything you need to provide an organized, attractive, and safe food service environment.*

# MELAMINE DISPLAYWARE

Balsam display ware is your **Eco-friendly** choice for displaying your prepared food in front of your guest. This displayware is made from **50% sustainable natural resources** vs. 20% in standard melamine, making Balsam **one of the most environmentally friendly commercial grade melamines on the market.**

DISPLAYWARE

## Balsam™

- Contains a material that will begin to biodegrade in 90 days in a compostable environment
- Withstands the rigors of commercial foodservice dishwasher use
- Maintains its appearance after one year of dishwasher testing
- Durable melamine is stain, scratch- and break-resistant, making it ideal for any foodservice operation
- Safe for temperatures up to 212°F
- NSF Listed; dishwasher safe

## Double-Wall Stainless Steel Displayware

- Beautiful, heavy-duty, stainless steel displayware designed for delis, buffets, and special event service
- The modern hammered finish hides scratches for a longer life
- Double wall construction provides insulation to help with temperature retention with both hot and cold foods; no need to preheat or chill
- Double wall construction with air insulation prevents sweating for a fresher looking display
- 609201, 609202, 609203, and 609204 bowls have dual-base indentions allowing bowls to sit flat or at an angle for a more dramatic display and easy food access
- Keeps food under 41°F for up to 2 hours or more

### Double Wall Construction/Air Insulation:

- Helps with temperature retention for both hot and cold foods
- Keeps food under 41°F for up to 2 hours or more

- 609211 3.5 qt, 10" Square Bowl
- 609209 4.38 qt, 10-3/4" Serving Bowl
- 609204 9.5 qt, 14" Dual Angle Bowl

**Testing Conditions:** Chilled cottage cheese was placed in a room temperature bowl. The bowls were left undisturbed in a 72° to 78°F room until temperatures rose above 40°F. Temperature in center was measured and recorded in 5 minute increments.

# ICE SCULPTURES & PUNCH BOWLS

## Ice Sculptures

- Quick and easy way to turn any table into a showpiece
- Fill mold with water, freeze (48-72 hours), and cut open the mold
- Features patented EZ-Cut Bead™ and Contracting Cone Base™
- One time use
- Instructions included with every Ice Sculpture

SGR1

SCL1

SSW1

SEA1

SD01

SBA1

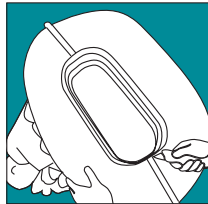

SBG1

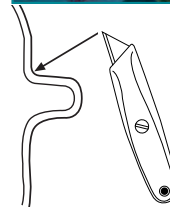

SFI1

Contracting Cone Base allows for expansion while freezing to eliminate the major cause of cracking and breaking in the freezing process.

SHR1

Exclusive EZ-Cut Bead opening system makes it quick and easy to un-mold a work of art.

## Illuminated Trays

- Perfect for use at buffets or banquets, or as an accent for ice sculptures
- Light boxes come with Blue, Red, and Yellow colored panels
- Light box is UL listed, fuse protected and operates on 115 volt/60 cycle AC
- Drain kits included

**CARLISLE**  
FOODSERVICE PRODUCTS

# INNOVATIVE GUEST- PLEASING VERSATILE DEPENDABLE **FOOD BARS & CONVENIENCE PRODUCTS**

---

*Carlisle's workhorse portable food bars, innovative Coldmaster line, and industry leading line-up of serving and convenience smallwares are critical dining supplies for your operation. We develop products with the needs of demanding foodservice professionals like you in mind. You can count on Carlisle to factor in food safety, attractive and operationally efficiency, rugged durability, and one stop shop availability.*

# COLDMASTER®

The Coldmaster solution **eliminates** the **inconvenience** and mess of ice, as well as reduces the potential for bacteria. The Coldmaster solution is **revolutionizing** the food pan category, offering **innovative** solutions and **making work easier**.

## Coldmaster® CoolCheck™

- Patent-pending technology allows you to quickly see when temperatures are no longer safe
- Same great features as our standard Coldmaster products with the added element of color-changing technology
- Eliminates the guessing game behind food safety
- Unit holds food safely below 41°F for 6-8 hours\*
- Reduces waste by “telling” workers when food temperature is safe
- Eliminates the mess and inconvenience of ice
- FDA approved; dishwasher safe
- Use Coldmaster Lids listed on pages 98
- NSF Listed

\*Time will vary based on ambient room temperature

Designed to fit in standard sized food pan templates or food wells

### The Coldmaster Solution:

- High-impact ABS plastic holds up to foodservice use
- Exclusive refrigerant gel ensures high performance  
Non-toxic gel receives a cold "charge" when frozen overnight, which enables it to keep your food cold throughout the day
- Extra insulation surrounds refrigerant gel for maximum cold retention
- Refrigerant gel is enclosed in a bag; prevents leaks, even if shell is damaged

### Coldmaster = Peace of Mind

Coldmaster products are available in a variety of shapes and sizes from food pans to crocks, batter pans to ice cream servers. Coldmaster offers peace of mind while it keeps your food cold and fresh. Enjoy the convenience of Coldmaster, as it allows you to transport and keep food cold, anywhere you need to without messy ice or electricity.

### Coldmaster Products Exceed Health Department Requirements

- With one overnight charge in your freezer, each Coldmaster keeps food at or below the ServSafe®\* guidelines of 40°F for up to eight hours\*\*

- All Coldmaster products are filled with an exclusive non-toxic refrigerant gel
- Constructed of high-impact ABS plastic
- Dishwasher safe

### Coldmaster Products Meet FDA Standards

\*ServSafe is a registered trademark of the National Restaurant Association

\*\*Temperature retention is based on crocks being pre-frozen for a minimum of eight hours, then filled directly with pre-chilled foods. Testing was conducted under ambient room temperatures of 76°F.

# COLDMASTER®

## Standard Food Pans & Lids

- Designed to fit in standard sized food pan templates
- Save time and labor by placing food directly into Coldmaster Standard Pans
- Third-size divided splits into two sixth-size food pans
- NSF Listed

### Coldmaster Lids

- Designed to fit Coldmaster Standard Food Pans
- Clear acrylic lid protects against contaminants
- Helps maintain cold temperatures so your food stays fresh longer
- Molded-in handle allows easy removal

# The Essential Drink Mix System

## 1. Mix In One-Gallon Container

Accurately measure and mix concentrate or powder in gallon containers. Its wide mouth eliminates the need for a funnel.

## 2. Cut Preparation Time

Prepare mixes and juices in advance using the gallon storage container. At peak periods simply empty into a quart backup.

## 3. Transfer To Quarts

Pour a gallon of mix into four easy-to-handle quart containers.

## 4. Ready To Use

Attach neck with spout to one quart for use in speed rack. Cap the remaining three quarts for backup.

## Store 'N Pour Complete Units & Backups

- Complete unit includes neck and container plus color-coordinated pouring spout and cap
- Backup unit includes cap and container
- Dishwasher safe

# FIBERGLASS TRAYS

## Glasteel™ Trays

Glasteel trays offer durability and cleanability at an affordable price.

- Engineered to be the most durable fiberglass trays available
- Decorating option, see page 327 for additional information
- NSF Listed; dishwasher safe

### Heavy-Duty Construction

- Metal reinforcing rods provide extra strength and eliminate warping
- Two thick, reinforcing fiberglass core mats add strength and provide increased chemical resistance

### Air Flow Corner Reinforcements

- Air flow corner reinforcements and stacking lugs make Glasteel trays your best choice for stability and drying when stacked
- Unique design permits air flow to all surfaces of stacked trays, reducing drying time

Fiberglass Trays are available in full cases only.

There is a NO-RETURN POLICY on Fiberglass Trays.

### Rectangular Regular & Low-Edge

- Low-edge trays have “squared-off” corners to permit dish overhang, fitting more serving items on a given tray size

### Display/Bakery

- Ideal for displays and available in all colors and patterns

### Trapezoid

- Space saving shape for better table fit

### Euronorm/Metric Trays

- Accommodates Euronorm foodservice dimension standards

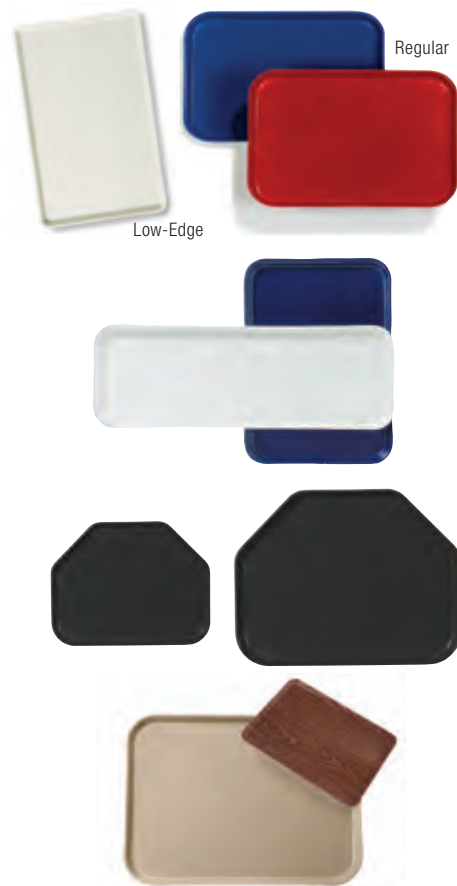

### Glasteel Fiberglass Tray 5 Year Warranty

Carlisle FoodService Products warrants all of our Glasteel Fiberglass Trays for 5 years from the date of original purchase against breakage arising from normal use and service.

### FREE LABELING PROGRAM

Carlisle offers a free decorating program so you can label your trays with a logo or any other call out.

## Café Trays

- Feature skid-resistant surface and drying/stacking lugs
- Custom hot stamping is available, see page 323 for additional information
- Economical & light-weight polypropylene
- NSF Listed

### Standard Café Tray

- Traditional scratch-resistant basket weave design reduces slipping and helps prevent accidental spills

### Trapezoid Café Tray

- Space saving shape allows diners to eat directly from trays without removing plates, cups, etc. from the tray
- Promotes self-bussing

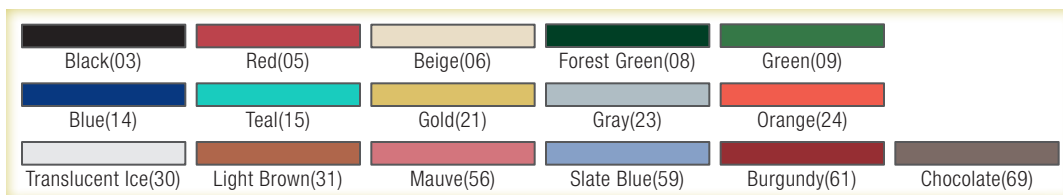

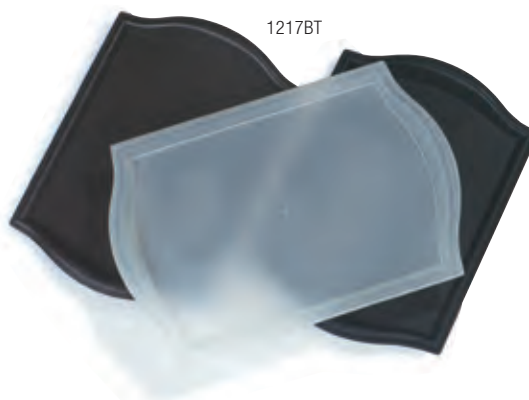

### Handled Café Tray

- Handled tray is easy to carry and offers added strength

Carlisle recommends hand washing for Café Trays

## Bistro™ Trays

- Unique trays offer a great look at an economical price
- Durability and economy of our Café Trays with stylish curved handles for easy handling and added strength
- Scratch-resistant, textured design reduces slipping, helps prevent spills
- Drying and stacking lugs

# COMPARTMENT TRAYS

Our Compartment Trays are the perfect **cost effective solution** for portion control.

## 6-Compartment Trays

- The 6-compartment trays hold government "Type A" lunch
- Carlisle offers the largest variety of sizes and compartment combinations available
- All materials are FDA approved and NSF Listed

## Materials

### Melamine

- Melamine is a heavy, rigid material with the look and feel of china
- It is very scratch- and break-resistant
- Fast drying melamine is highly resistant to chemicals and food acids with a temperature range of 0° to 212°F

### Polycarbonate

- Money saving trays carry a five-year warranty against breakage
- Highly break-resistant; perfect choice for correctional facilities
- Polycarbonate offers good scratch- and chemical-resistance with a temperature range of -40° to 212°F

### Polypropylene

- Economical, durable choice
- Good chemical resistance
- Temperature range of 30° to 180°F
- Handwashing is recommended

### ABS

- Break- & scratch-resistant
- Excellent choice for general use
- Highly resistant to chemicals and food acids with a temperature range of 0° to 180°F

## Orientations

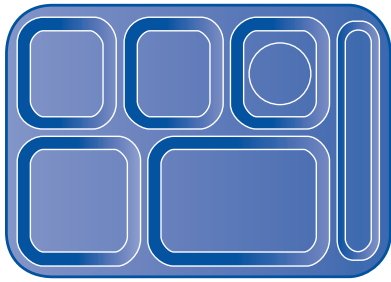

### Left & Right-Hand

- Offer a greater variety of serving combinations
- Available in melamine, polycarbonate, ABS, and polypropylene
- NSF Listed, except when offered in Variegated(00)

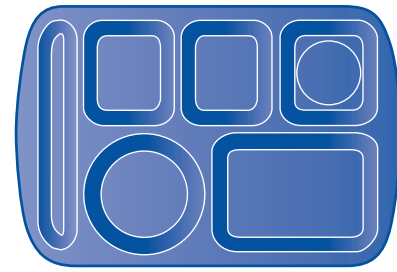

### Omni-Directional & Space Saver Trays

- Special design allows you to fit two trays side by side in dish rack for faster cycling time

# SERVICE TRAYS

## Griptite™ Fiberglass

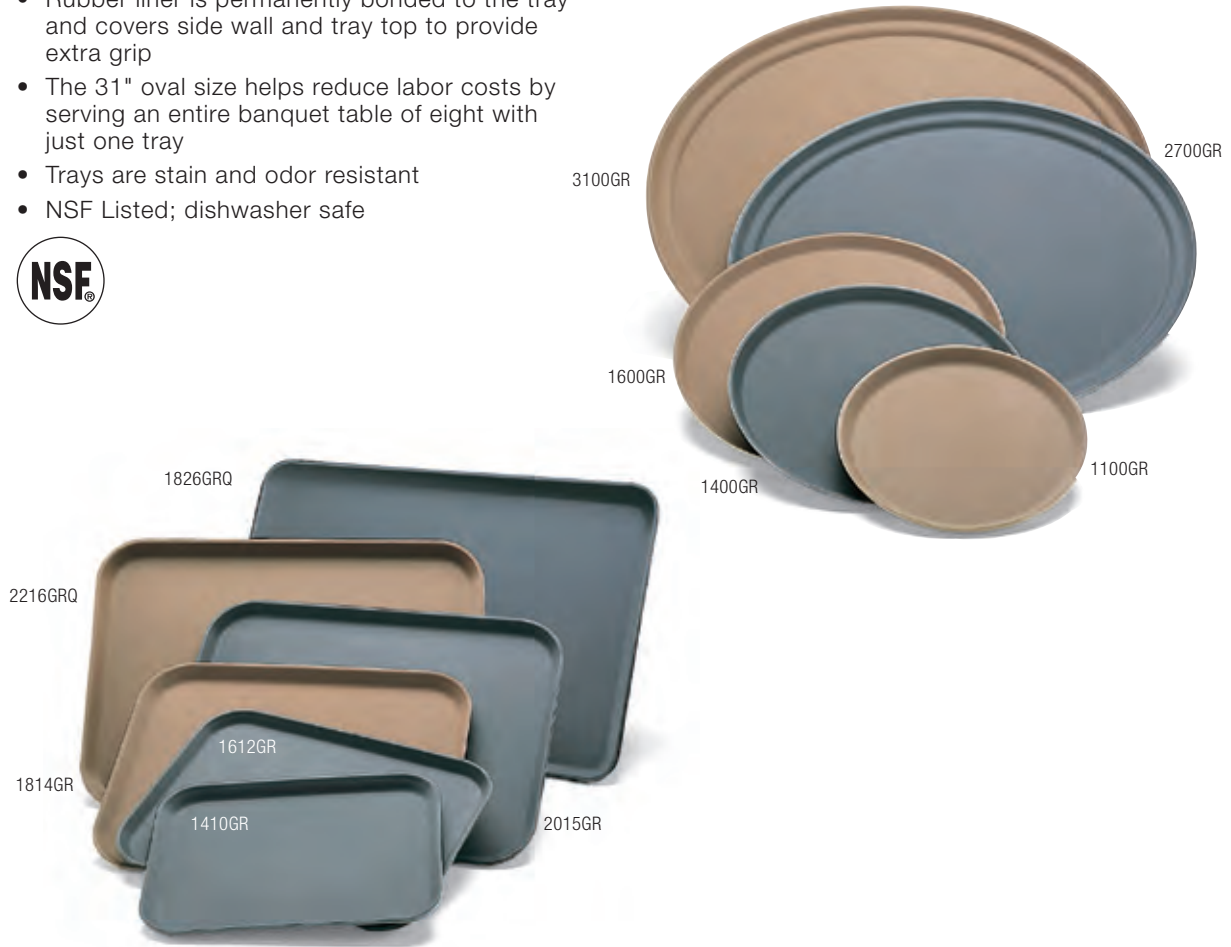

- Heavy-duty fiberglass construction eliminates warping or breakage
- Rubber liner prevents slipping and sliding of glassware and dinnerware
- Rubber liner is permanently bonded to the tray and covers side wall and tray top to provide extra grip
- The 31" oval size helps reduce labor costs by serving an entire banquet table of eight with just one tray
- Trays are stain and odor resistant
- NSF Listed; dishwasher safe

### Griptite Tray 5 Year Warranty

Carlisle FoodService Products will replace, at no charge, any Griptite Tray that does not last 5 years from the date of purchase under normal foodservice conditions.

## Festival Trays™

- Beautiful alternative to glass, crystal, or disposables
- Use durable trays for catering, parties, weddings, conventions, cruise lines, or poolside service
- Molded-in pattern gives the appearance of fine etched crystal
- Economical, break-resistant SAN resists food acids and oils
- Lowers replacement costs
- Safe in temperatures from 0° to 180°F
- Dishwasher safe

## Round Heavy-Weight Tray

- Elegant simplicity with smooth, rich finish and rolled rim handle edge
- 18-8 stainless steel with mirror-polish finish
- Designed to stand up to frequent use
- Handwashing is recommended

## Tray Stands

- Cross supports provide superior rigidity and strength
- Durable and easy to clean
- Available in 3 forms: Steel, Wood & Plastic
- Capped legs on steel tray stands prevent slipping and marring of floors
- Extra tall steel tray stand (C3625T) reduces need for bending and stooping; additional height makes transferring heavy loads easier
- Plastic stands have sanitary, non-porous & non-corrosive finish that is easy to clean with a damp cloth
- Works great with Griptite and GripLite trays

# RUGGED BEAUTIFUL PORTABLE CONVENIENT **CATERING EQUIPMENT**

---

*Carlisle's catering equipment line is the professional's choice for your insulated transport needs. Only Carlisle Cateraide's can offer attractive contemporary styling, longer hold times, and unique battle tested features that provide you superior value.*

# Choose The CATERAIDE™ To Best Fit Your Needs.

All CATERAIDES are NSF Listed and made of rugged, stain, and scratch-resistant polyethylene.

## Good

Pan carriers have exclusive, automatic, self-venting system. LD beverage servers have easy-grip, formed handles for easy transporting.

# LD Series

## Better

Carlisle's better line of CATERAIDES offers an ergonomic design for easy loading, handling, stacking and storing. The patented\* Slide 'N Seal's lids and doors glide shut and stay closed without latches or gaskets. Slide 'N Seal's metal-free line makes it the perfect fit for correctional facilities.

\*Slide 'N Seal Pan Carrier Patent No. 7,134,552

# Slide 'N Seal

## Best

Carlisle brings you the best in temperature retention products with the redesigned Cateraide IT insulated transport line. The Cateraide's sturdy construction offers a long-lasting product and the thick foam insulation holds temperatures in the safe zone for over 6 hours. Our special coating gives the IT a beautiful, glossy sheen. The new, sleek design gives an updated, contemporary look to any table setting.

# IT Series

# CATERAIDE™ IT

Introducing the **newly designed** Cateraide IT insulated transport line of products. IT is the only choice for foodservice professionals demanding they have it all. For the first time, rugged durability and industry leading safe food holding times are combined with **attractive, contemporary styling**. Cateraide IT sets a **new standard for value**.

## Insulated Beverage Dispenser

- Heavy foam insulation holds temperatures in the safe zone for over 6 hours
- Field adjustable latches ensure a secure seal for the life of the carrier
- “Spring Action” faucet for no drip service
- Button-hole latch design offers convenient one hand operation and keeps the doors and lids closed tightly for better temperature retention
- Sure-grip handles promote a safe, stable, two-person lift for easy loading and unloading
- Custom logo printing available

## End & Top Loader

- Heavy foam insulation holds temperatures in the safe zone for over 6 hours
- Secure stacking for easy transport and storage
- Sure-grip handles promote a safe, stable, two-person lift for easy loading and unloading
- Exclusive, low-profile, double hinge opens 270° for easy loading and unloading; lies flat to save space and makes it less likely to break
- Field adjustable latches ensure a secure seal for the life of the carrier
- Door hinge can be removed for easy, thorough cleaning
- Built-in seal eliminates gaskets on end & top loaders
- Holds six 2-1/2" deep food pans
- Use with CaterCooler to help keep foods at ServeSafe® temps longer (shown on page 160)
- Custom logo printing available

ServeSafe® is a registered trademark of the National Restaurant Association

Flat top design can be used as a prep surface when space is limited

Button-hole latch design offers convenient one hand operation

Exclusive double hinge opens 270°

# CATERAIDE™

Insulated Soup & Chili Servers - *Ideal for Food Festivals & Outdoor Venues*

- Same high-quality features and construction as our standard Cateraides
- Perfect for transporting and serving soup and chili
- Stacks with 2.5 gallon & 5 gallon beverage servers
- There are no faucets
- NSF Listed

## CaterCooler™

- Freeze CaterCooler overnight or for eight hours and it will keep food at or below the ServSafe® guidelines of 40°F for up to eight hours without ice\*
- Designed to slide into a Cateraide End Loader, Double End Loader, or place on top of food pans in a Top Loader
- Durable polyethylene shell

ServSafe® is a registered trademark of the National Restaurant Association

\*Temperature retention is based on CaterCooler being pre-frozen for a minimum of eight hours, then placed directly into Cateraide pan carrier. Pan Carrier unit is then filled with pre-chilled food pans. Testing was conducted under ambient room temperatures of 76°F.

# FRY PANS

Excalibur Fry Pans feature a **reinforced non-stick coating** to protect your fry pans from daily wear and tear.

## Excalibur® Fry Pans

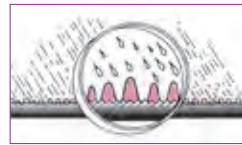

- Stainless steel reinforced non-stick coating is micro-bonded to the substrate of the pan creating a multi-layer surface that easily releases food and resists scratching better than traditional non-stick surfaces
- Excalibur cooks food evenly without the need for added fat or oil
- Hard 3004 aluminum body stands up to the toughest foodservice environment
- Removable Dura-Kool™ Sleeves
- Use with High Heat Turner shown on page 198 of the foodservice catalog
- NSF Listed

60908XRS

60907XRS

60910XRS  
60912XRS  
60914XRS

Excalibur® surface resists scratching from metal utensils better than any other coating

## Teflon Select® Fry Pan

- Teflon Select, DuPont's professional non-stick surface is extremely durable and extra smooth
- Improved coating features 75% greater longevity and 75% more resistance to abrasion than regular Teflon
- Hard 3004 aluminum body stands up to the toughest foodservice environment
- Use with High Heat Turner shown on page 198 of the foodservice catalog
- NSF Listed

**Sauté Pans**

- Low sided sauté pans are designed for high heat browning or quick cooking
- Come with removable Dura-Kool sleeves
- Heavy-weight aluminum

**Straight Sided Aluminum Sauce Pans**

- Rounded corners for easy stirring, helps prevent thick sauces from burning
- Heavy-duty, straight-sided pan's thick base provides quick and even heating for thorough cooking

**Tapered Aluminum Sauce Pans**

- Tapered shape reduces contact with direct heat source and encourages cooking by diffusing heat from the side walls
- Sides are gently sloped and corners are rounded for easy stirring
- Tapered design nests for convenient storage
- Extra wide lip adds durability and offers more precise pouring
- 14 qt saucepan has side handle to aid lifting

**Sectional Pasta Cookers**

- Ideal for pasta, vegetables, and seafood
- Save time, energy, and space by cooking multiple portions in one pot
- Stainless steel inserts with .13" holes feature cool-touch handles and can be hooked on the side of the pot for easy draining
- Complete unit includes 20 qt pot and 4 quarter size inserts

## Heavy-Duty Covers

- Carlisle's unique reinforced design resists dents and holds its shape better than old-fashioned lids
- Extra heavy-duty covers are fabricated from hard 3004 aluminum to stand up to the toughest foodservice environment
- Open looped handles are securely riveted
- NSF Listed

## Domed Fry Pan Covers

- Domed covers fit snugly on the pans creating a self-basting effect by allowing moisture to condense and return to the pan
- Strong welds on handle ensure long life
- NSF Listed

# CUTTING BOARDS & ACCESSORIES

## Sparta® Spectrum® Cutting Boards

- Sparta Spectrum Color-Coded Products are a key group of CCP (Critical Control Point™) Products designed to promote safe food handling and help prevent hazardous cross-contamination
- Help meet HACCP guidelines by promoting segregated food prep for different foods
- HDPE (High Density Polyethylene) construction offers a durable cutting surface, and a high stability, warp-resistant cutting board
- Hygienic surface texture on boards prevents deep cuts and is easy to clean
- Contact your local Carlisle Sales Representative for custom sizing
- NSF Listed; dishwasher safe

	<b>Prepared Food, Dry Food &amp; Dairy</b>
	<b>Produce</b>
	<b>Meat</b>
	<b>Fish</b>
	<b>Poultry</b>

10889WC Laminated Spectrum Wall Chart for quick color usage reference

NSF mark is permanently stamped on board to meet health department requirements

### Spectrum Wall Chart

- Quick reference laminated chart in both English and Spanish
- Included with all assortment cutting board packs
- Sold separately

### Produce

Spectrum color-coded cutting boards promote safe food handling

### Dairy

Color-coding to food type helps prevent hazardous cross-contamination

### Fish

Use Spectrum brushes for a complete HACCP system

## Accessories

- Carlisle's Cutting Board Accessories support a complete HACCP System

### Board & Brush Racks

- All products are dishwasher safe and easy to clean

### Sparta Spectrum Cutting Board Brushes

- Ergonomically shaped handles and crimped stapleset polyester bristles are rugged and will not absorb food oils or moisture

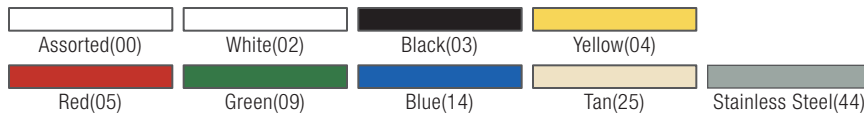

### Griptite Mat

- Textured mat holds boards in place
- NSF Listed; dishwasher safe

## Cutting Board Scraper/Refinisher Tool

- Removes cuts from cutting boards
- Saves money on fewer replacement cutting boards
- Dishwasher safe

# HEAT LAMPS

## Heat Lamps

- Wide selection of heat lamps for both front-of-the-house buffet service and back-of-the-house temperature retention

Heat Lamps shown are for U.S. use only. Ask your Carlisle Customer Service Representative for details on ordering Heat Lamps for international use

### Flexiglow™

- Spun aluminum shade with flared rim for added strength
- Shade is drilled for increased heat dissipation
- Optional NSF Listed maple cutting board and drip pan is perfect for a front-of-the-house carving station
- Meets Standard Electrical Specifications shown
- Rated UL recognized

### Dual Arm Flexiglow

- Two flex arms provide heating for separate products
- Vinyl-coated arms help keep unit sanitary
- Includes two 250-watt Red bulbs

### Single Arm Flexiglow

- Switch located away from the heat source
- Includes 250 watt Red bulb

One Year Warranty against defects in materials and workmanship

HL8195B

HL8285GB

HL8185

HLA20

HL8285

## Two Bulb Adjustable

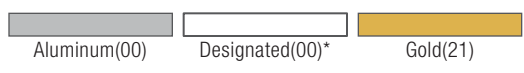

- Adjustable arm for different heat settings
- Spun aluminum shades with flared rim for added strength and more even heat dissipation
- Ceramic insulated sockets with nickel plated contacts to prevent fusing
- Meets Standard Electrical Specifications shown on facing page
- On/off switch mounted on arm away from heat zone
- Includes two 250-watt Clear bulbs
- UL & CSA listed

## Standard Electrical Specifications

- Sockets are ceramic insulated and furnished with a nickel-plated copper screw shell and contact point to prevent fusing
- Internal wiring is braided and silicone covered and rated 200°C
- Durable 16 gauge external wiring with molded three-prong plug
- All switches are either “T” or “L” rated and surpass minimum requirements
- All switches are located out of the heat zone
- Designed to operate on 110-120 volt AC service; wiring will accommodate 250 volt AC service
- Heat lamps have one year warranty against defects in materials and workmanship

## IceMaster™ Ice Transport Tote

- Sturdy, high-impact material is less susceptible to cracking and breaking than other totes
- Includes molded-on Comfort Grip™ handle and side helper handle for emptying
- Helper handle doubles as drain hook
- Securely attaches upside down to edge of wire shelving or locks into mounting bracket to drain tote
- Optional mounting bracket can be attached to walls or the side of an ice bin
- Lid also available; protects against contaminants
- NSF Listed

## Ice Only Container

- Safely and easily transports small loads of ice
- Perfect for filling food bars or other iced food displays, ice bins on portable bars, or even automatic ice dispensers at self-serve beverage stations
- Heavy-duty construction and ergonomic Comfort Curve™ handles provide easy handling; deep hand holds on base for controlled tipping
- Lids are reinforced and have snap down tab lock
- Imprinted on two sides in both English & Spanish
- NSF Listed

## Scoops

Great economical choice for your front and back of house ice handling needs.

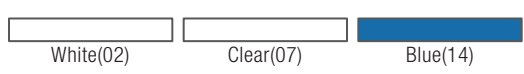

### Metal Scoops

- Heavy-duty scoops have easy to hold pistol-grip handles with clearly marked capacities

### Polycarbonate Scoops

- Easy-grip plastic handle doesn't transfer cold
- Features a hole for hanging or tying to a container
- Durable polycarbonate material

**Sparta**

### Superior Food Safety Construction

Epoxy-set ferrules on all Sparta Pastry/Basting Brushes are especially designed for foodservice use; eliminating hazardous bacteria traps commonly found in other brushes. Sparta Pastry/Basting Brushes are available in a wide range of sizes and styles.

## Chef Series™ Brushes

- Professional, high-quality lacquered hardwood handles with brown plastic ferrules are the choice of top chefs
- Bristles are epoxy-set to ferrules to provide superior bristle retention and to prevent bacteria harboring air pockets

### Sparta Chef Series Croissant Brush

- Extra long bleached boar bristles for use on the most delicate of pastries and foods

## Chef Series Basting Brushes

- The professional's choice for use in basting meats and poultry
- Durable sterilized, double-boiled, bleached boar bristles
- Withstands temperatures of up to 500°F

Note: Basting brushes should not be cleaned in dishwashers. Brushes should be dipped in a commercial cleaning solution and rinsed.

For usage information on these and other brushes included in our 21 Key Brushes Set, check out our 21 Key Brush Guide on pages 241-243

## Chef Series Pastry Brushes

- Soft, flagged, white nylon bristles have high fluid retaining capacity and provide a soft touch to delicate pastries
- The finest commercial brushes of their kind
- Offers the performance, delicate touch, and long-lasting value by which all others are judged

## Meteor Pastry/Basting Brushes

- “Molded-into-the-handle” hook hangs on lip of crocks and containers to prevent bristle burn, melt, or distortion
- Use hook to elevate bristles off of counter tops
- Soft flagged bristles are molded into handle to prevent bacteria harboring air pockets
- Available with white nylon bristles or double-boiled, bleached, sterilized, premium boar bristles

Hook hangs on side of crock or elevates bristles off counter tops

# SPARTA® PASTRY & BASTING BRUSHES

## Galaxy™ Pastry Brushes

- Bristles are epoxy-set to prevent bacteria harboring air pockets
- One piece plastic handles are easy to clean
- Available with soft flagged nylon bristles
- Select brushes also available with blue nylon bristles for added contrast in working with white frostings or other white foods

## Silicone Basting Brush

- Dishwasher safe
- Unique bristle design carries and spreads liquid better than ordinary Silicone basting brushes
- Withstands temperatures up to 500°F
- Convenient molded-in hanging hook grabs pan edges to keep brush from sliding in
- Stain and odor resistant

## Food Preparation Brushes

### Potato Brush

- Patented brush has stiff polyester bristles for aggressive cleaning along with a unique “scraper edge” grip for removing hard to reach blemishes on potatoes and other firm vegetables

### Vegetable Brush

- Round loop construction, straight handle with firm bristles

## Portioning Cups

- Scoop or transfer ice, liquids, or any bulk item
- Features flat sides for efficient scooping on the bottom of bins, food pans, or other storage containers
- Made of durable, break-resistant polycarbonate
- Unique U-shaped handle helps keep hands away from food contact areas while scooping
- Sizes are color coded for quick and easy identification
- NSF Listed; dishwasher safe

## One Gallon Container

- Ideal for mixing batters, dressings, and drinks
- Assorted color toggle lids allow easy access for quick open and close action and color identification
- Tight sealing lid protects against spills
- Durable translucent polypropylene material makes it easy to see contents
- U.S. and metric measurements printed on side panels
- NSF Listed; dishwasher safe

# MEASURES & SERVING ACCESSORIES

## Commercial Measures

- Made of durable polycarbonate
- Offers easy measuring of wet ingredients
- Available in Cup, Pint, Quart, Half Gallon and Gallon sizes with U.S. and metric measurements
- Oval shape facilitates pouring from non-spouted side
- Family of measures nest for storage
- NSF Listed; dishwasher safe

Overhead view of inside measuring lines allow for a faster, more accurate measurement.

## Chef Series™ Measuring Cups & Spoons

- Extra-heavy-duty construction for the most demanding professional use
- Rust-free 18-8 stainless

## Measuring Cup

- Durable polycarbonate with 1-cup capacity for measuring liquid ingredients
- Withstands temperatures from -40° to 212°F
- Dishwasher safe

# BOWLS, COLANDERS, & DREDGES

## Classic Stainless Steel Mixing Bowls

- Flared rim forms an integral pour lip while adding extra strength
- Rust-free 24 gauge, 18-4 stainless steel
- Dishwasher safe

## Colanders

- Seamless satin finish aluminum construction with rolled top edge for extra strength
- Sturdy handles are securely riveted on sides
- Available in extra heavy or standard gauge aluminum

## Coldmaster® Batter Pan

- Coldmaster system eliminates the inconvenience and mess of ice and reduces the potential of bacterial growth
- Use for batter and dredging to make sure uncooked food is always below ServSafe® temperature
- 10 qt capacity accommodates standard size fry baskets
- Holds batter at or below the ServSafe®\* guidelines of 40°F for up to eight hours\*\*

\*ServSafe® is a registered trademark of the National Restaurant Association

\*\*Temperature retention is based on Coldmaster being pre-frozen for a minimum of eight hours, then filled directly with pre-chilled foods. Testing was conducted under ambient room temperatures of 76°F.

# TONGS, SKIMMERS, & LADLES

## Tongs

### Heavy-Duty Utility Tongs

- Heavy 20 gauge stainless steel with flat spring for long-lasting service
- Dishwasher safe

### Spectrum® Dura-Kool™ Tongs

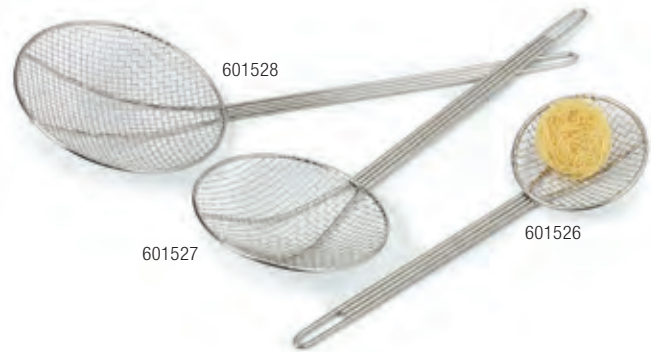

- Color-coded Dura-Kool handles provide easy visual for zone isolation
- Single-piece, heavy-duty stainless steel construction eliminates food traps for more sanitary use
- Spring action hinge won't break, also provides convenient hook for storage

Carlisle's Spectrum System supports your HACCP program by promoting zone isolation and reducing the risk of cross-contamination with our complete offering of color-coded kitchen tools and cleaning accessories

## Wire Mesh Skimmers

- Heavy-duty construction
- Skimmers lift food from fryer
- Sturdy handles with hanging loops
- Nickel plated construction resists corrosion

# SPOONS, WHIPS, & TOOLS

## High Heat Serving Spoons & Turner

- High heat material withstands temperatures from -40° to 375°F without melting or transferring heat
- Helps prevent scratching on coated surfaces
- Notched handle with hole for hanging
- NSF Listed; dishwasher safe

## High Heat Serving Spoons

- Notched handle allows spoon to rest on edge of food pan

## Stainless Steel Serving Spoons

- Heavy-duty 18 gauge serving spoons are made of 18-8 stainless steel for long-lasting service
- Reinforced handle for extra strength with convenient hole for hanging
- Dishwasher safe

## Sparta® Chef Series™ French Whips

- Sanitary fully-sealed construction eliminates bacteria harboring food traps
- Rust-free 18-8 stainless construction with heavy gauge spring wire loops
- Perfectly weighted and balanced for heavy mixing, stirring, and beating batters, sauces, and other thicker mixtures

## Oil Bottle & Sprayer

- 16 oz capacity to keep oil fresh
- Amber color protects light sensitive oils
- Value alternative to aerosol cans of oil
- Pre-labeled to ensure segregation from cleaning bottles
- Thread is compatible with standard sprayers

**NEW PRODUCT**

### Sprayer (sold separately)

- Uniform spray density for even oil distribution
- Adjustable from spray to mist
- Metered application reduces food waste and improves consistency

## Steak Weight

- Heavy iron weight transfers heat to speed cooking and brown evenly

## Stainless Steel Peeler

- Peeler has swivel action stainless steel blade
- Tip can be used for coring and scraping

## Timer

- Long ringing timer
- Made of sturdy plastic

## Sparta® Foodservice Shovels

- Heavy duty one-piece plastic construction
- Supports heavy loads, safe to use with food, will not rust, and cleans up easily

Polypropylene, Stainless

# STORPLUS™ FOOD PANS

StorPlus is a whole house storage and handling solution. It provides **safety** and **efficiency**. The Universal Food Pan Lids fit all major brands, helping to **lower inventory**. Use these products that only Carlisle offers and **make work easy**.

## Food Pans

- Reinforced top and bottom corners on both pan and lid help prevent chipping and cracking
- Spoonable bottom makes removal of contents easier and helps prevent food waste
- Molded-in capacity indicators are listed in both quarts and liters
- Textured non-slip finish on corners, sides, bottom, and lid to reduce scratches
- Smooth interior finish makes clean-up easy
- Polycarbonate containers can withstand temperatures from -40°F to 212°F
- High-heat pans excel in high temperature applications and are BPA Free (-40°F to 375°F)
- Polypropylene pans are an economical choice and BPA free (32°F to 170°F)
- Food Pan sizes meet specifications for use in food bars and steam tables
- Pans meet EN 631-1 Euro Norm standards for inter-stacking with existing pans
- NSF Listed; dishwasher safe

## Universal Food Pan Lids

- Fit Carlisle StorPlus Food Pans as well as other major brands on the market
- Features a hanging hole for easy storage
- Fits both Gastronorm and standard size food pans
- Carlisle lids stack with themselves for easy storage
- Available in polycarbonate or high heat material
- NSF Listed; dishwasher safe

## Smart Lids™

- Unique inside seal design provides superior leak-resistance and keeps your foods fresher, longer
- Perfect for transporting foods to off site locations
- Smart Lids (combined with StorPlus Food Pans) fit inside Cateraide Top Loaders and End Loaders (shown on pages 154-161)
- Polyethylene material is dishwasher safe; for use in -40°F to 180°F
- Designed exclusively to fit StorPlus Food Pans

Smart Lid's unique inside seal design provides superior leak-resistance; protects against spills

### High Heat

StorPlus High Heat Food Pans provide the single container solution for cold storage, flash-freezing, microwave preheat/cooking, and prolonged high temperature retention in steam table applications.

### 6" Deep

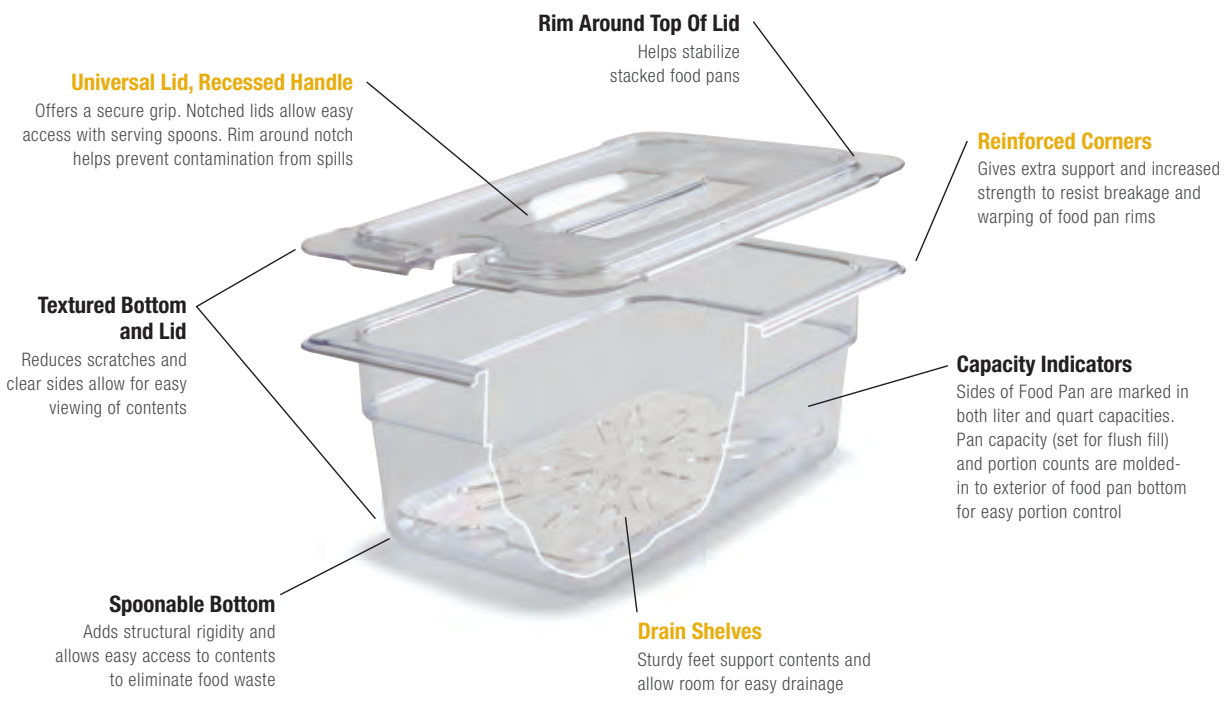

Perfect for your toppings bar! 1/9 size food pans allow you a 50% larger assortment over 1/4 size pans. These pans have a similar capacity to our 4" deep 1/4 size food pans with 35% less footprint.

### Catering

StorPlus Food Pans fit Carlisle Cateraides™ (see pages 152-161) and other standard transport containers for off site catering, company lunches, etc.

Use StorPlus Food Pans with Maximizer™, Six★Star™, and Five★Star™ Food Bars shown on pages 106-109 and with Cateraides shown on pages 154-161

# STORPLUS™ FOOD PANS

Made specifically for **warming and holding cabinets**, our single- and double-handled pans help **products stay warm and fresh for your customers.**

### Specialty High Heat Handled Pans

- Transports food safely from the oven to the warming unit
- Double handled pan is perfect for restaurants with “pass through” warming units
- Stain-, heat-, and impact- resistant high heat material
- Available in 2.5" and 4" depths
- NSF Listed; dishwasher safe

### High Heat Pan Divider

Pair our high heat pan divider (30871) with our 1/3 x 2.5" deep handled pan (30860HH) to warm and hold multiple items in one pan while reducing the risk of foods touching; perfect for low volume meat or chicken items

- Use with 1/6 size drain shelf to help keep foods fresh

# STORPLUS™ STORAGE BOXES

StorPlus **color-coded** storage boxes are a solution that helps employees **easily identify** proper storage containers, **eliminating cross-contamination**.

## StorPlus Color-Coded Storage Boxes & Lids

### Food Storage Boxes

- Reinforced top and bottom corners on both box and lid, help prevent chipping and cracking
- Quart, gallon, and liter capacity indicators (on 12" x 18" box)
- StorPlus boxes stack easily for efficient storage, fit standard carts and racks, and with other boxes on the market
- Smooth interior surface makes cleaning easy
- "Lock-Tight" lids can be reversed and used as bun pan or tray
- Polycarbonate boxes provide easy visibility, superior resistance to food acids and oils, and withstands temperatures from -40°F to 212°F
- Boxes double as dough proofing bus boxes, warewashing tubs for kitchen overflow, or remote locations
- 18" x 26" colander is ideal for storing, draining, thawing, and marinating foods; keeps lettuce crisp, thaws and drains fish on ice, marinates chicken, etc.
- Polyethylene boxes offers economical storage and transport and withstands temperatures from -40°F to 180°F
- NSF Listed; dishwasher safe

### Benefits of StorPlus Color-Coded Storage Boxes

- Prevent cross-contamination and help meet standards as part of a complete HACCP Program
- RimGlow™ technology gives the boxes and lids a distinct, yet transparent color to segregate them by usage

### ServSafe® Recommended Stacking Order:

# METAL FOOD PANS & LIDS

Food pans are **the back bone of any foodservice operation**. For storing, preparing, and serving, they are a necessity. Only Carlisle offers you **complete versatility with a broad range of food pans** to meet your needs.

## DuraPan™ food pans

Double reinforced corners and unique impact resistant edge design help pans hold shape; will not jam together during storage. Tapered pans fit standard food pan templates and will stack or nest with most other leading brands. Versatile 18-8 stainless pans go from freezer to oven to serving line; ideal for cook-chill operations.

### DuraPan Covers

- Made of heavy gauge 18-8 stainless steel
- Available in solid or slotted styles
- Recessed handles offer a secure grip
- Notched lids allow easy access for serving spoons

### Steam Table Application

DuraPan's impact resistant edge maintains shape better and lays flat, providing a tight seal for better temperature retention in steam tables

### Coldmaster® Application

Use DuraPans with Coldmaster Coldpans (shown on pages 98-99) to keep foods cold without ice or electricity

**Full Shoulders**  
Prevent jamming during storage and provide added strength for longer life

**Spoonable Bottoms**  
Add structural rigidity; allows easy access to food and makes clean up easier

**DuraPans Covers, Recessed Handles**  
Large, recessed handles offer a secure grip. Notched lids allow easy access with serving spoons

**Double Reinforced Corners**  
With unique impact resistant edge design holds shape even under the toughest conditions

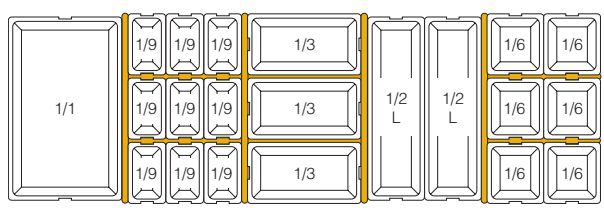

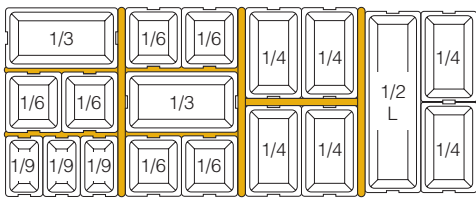

Available in heavy gauge or light gauge, Carlisle offers a wide range of accessories including solid and slotted covers, drain shelves, divided pans, and adapter bars.

# METAL FOOD PANS & ACCESSORIES

## Divided DuraPans

- Divided pan is perfect for serving complimentary foods
- Single pan fits in full size pan opening; eliminates the need for adapter bars

Divided Pan with PC140N Cateraide™ Top Loader

602202

602203

## Drain Grates

- Chrome-plated, heavy-duty grates with durable welded construction holds food above pan
- Use for cooling or draining foods
- Fits full size pans

## Stainless Steel Bains Maries

- Heavy gauge 18-8 stainless steel ideal for serving, storing, and preparing foods, sauces, and dressings
- Easy to clean, satin finish and smooth rounded edges
- Optional covers have recessed handles to allow stacking of covered containers

607912

607904C

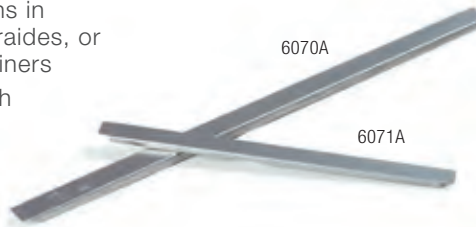

607901

607902

607908

## Adapter Bars

- Use adapter bars with DuraPans in steam table applications, Cateraides, or other standard transport containers
- Two sizes available to work with full or fractional size pans

NSF Listed products are designated with a ▲ and may be prefixed with an N  
 Note: Capacities are based on liquid measurements to rim, i.e. flush fill

### Insets

- Use in round steam tables or soup warmers and stations
- Offer heavy gauge, 18-8 stainless steel satin finish and smooth rounded edges
- Optional covers help maintain temperatures, sold separately
- Hinged covers clip to inset, allowing one-hand access
- Bakelite knob on hinged cover stays cool to the touch

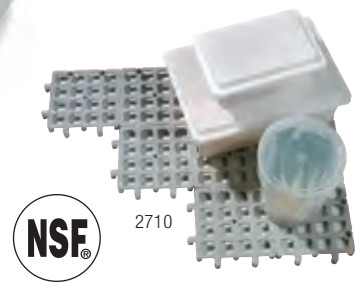

### Ingredient Bins

- Portable, convenient storage bins for large quantities of sugar, flour, etc.
- Lids slide open for easy access
- Heavy-duty, non-marking casters
- Replacement Parts for BIN27, BIN36, & BIN44 shown in chart below

### Floor Rack System

- Interlocking modular system provides a raised surface in dry and cooling storage areas
- Perfect for areas where moisture collects on the floor
- Open design allows for air circulation
- 12" square units lock together, holds up to 3,000 pounds per square foot
- Made of FDA approved high density polyethylene, withstands temperatures from -40°F to 180°F
- NSF Listed; dishwasher safe or clean with hose

Note: Capacities are based on liquid measurements to rim, i.e. flush fill

INNOVATIVE  
SMART  
**WARE-  
WASHING  
PRODUCTS**

---

*Carlisle offers every rack, basket, and accessory you need for efficient warewashing operations. OptiClean™ is the industry standard for enabling clean, spotless ware. Our full line of color-coded rack extenders and Plaque-a-Rack are the ideal solution for sorting and managing your ware.*

# OPTICLEAN®

## Build Your Perfect System

- OptiClean's basic three-component system of base racks and open and divided extenders allow you to construct the exact configuration you need
- Sure-Lock Extender design makes alterations quick and easy
- The user-friendly product numbering system refers to the exact type of rack you're ordering, without any complicated formulas
- Each number consists of an "R" followed by a descriptor – "G" for Glass, "W" for NeWave, "P" for Peg, etc
- Glass and cup racks are further defined by their number of compartments, ie: RG16 for a 16-compartment glass rack base
- To add extenders to your order, just add a dash and the number of extenders you need to the end of the basic product number, such as "RG16-3" for a 16-compartment glass rack with three extenders (note: each extender adds approximately 1.5" of additional height to the inside compartment of the rack)
- Use the unique Plaque-A-Rack System shown on pages 234-235 for the ultimate in easy-to-use rack identification

## Glass Rack Compatibility Chart

- Carlisle's Glass Rack Compatibility Chart is available at [www.carlislefsp.com/findrack](http://www.carlislefsp.com/findrack)
- Once there you can find recommendations for glass racks designed to be used with Anchor Hocking, Cardinal, Libby, and Oneida Glassware as well as Carlisle Tumblers
- Glass Rack recommendations are based on both the measurements provided by each glassware manufacturer and the minimum clearance required for optimum cleaning performance
- Because actual glasses vary in size, you may prefer to use our glass rack sizing guide shown on facing page

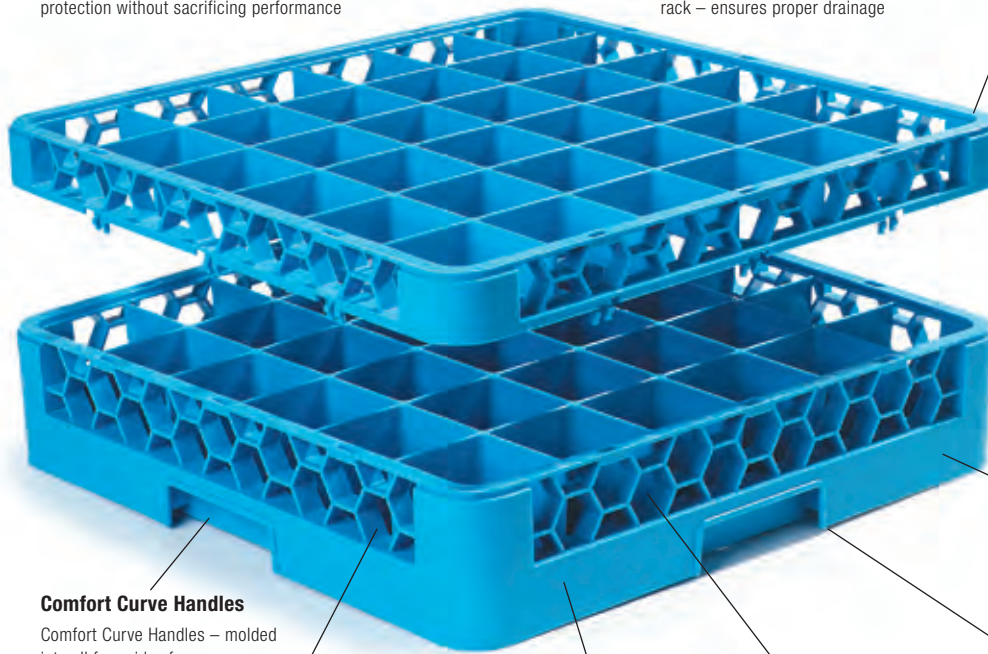

All OptiClean Racks have an outside measurement of 19.75" x 19.75"

### Three component system

Our combination of base rack and alternating open and divided extenders offers the greatest protection without sacrificing performance

### Quick Draining

No flat surfaces to trap water or loose food particles inside the rack – ensures proper drainage

### Positive stacking

Positive stacking from either direction – stacks with all major competitors

### Sure-Lock Extenders

Sure-Lock™ Extenders unique snap-on/snap-off attachments allow for fast, simple assembly/disassembly from the outside of the rack without loose screws, other fasteners, or even tools

### Double wall construction

Double wall construction for maximum strength, protects contents from moving machine parts

### Comfort Curve Handles

Comfort Curve Handles – molded into all four sides for easy handling, won't pinch fingers

### Open profile design

Open profile facilitates superior washing, complete rinsing, and fast drying

### Four-way tracking

Sturdy bottom with four-way tracking for easy dish machine loading without the need to rotate racks

### Honeycomb design

Unique "honeycomb" design distributes load more effectively – like a brick wall, while smooth rounded edges on the large openings provide multiple hand-holds and a sure grip on racks from any angle

### Textured Finish

Non-slip textured finish on outside walls reduces scratches to keep racks looking new longer, improves durability, and provides a secure grip

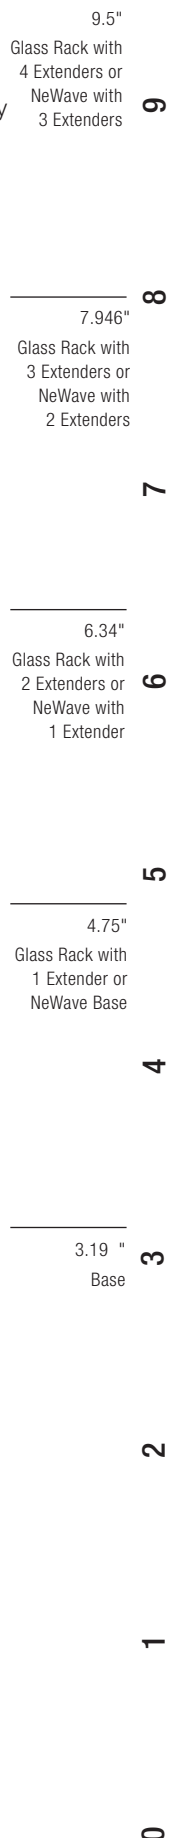

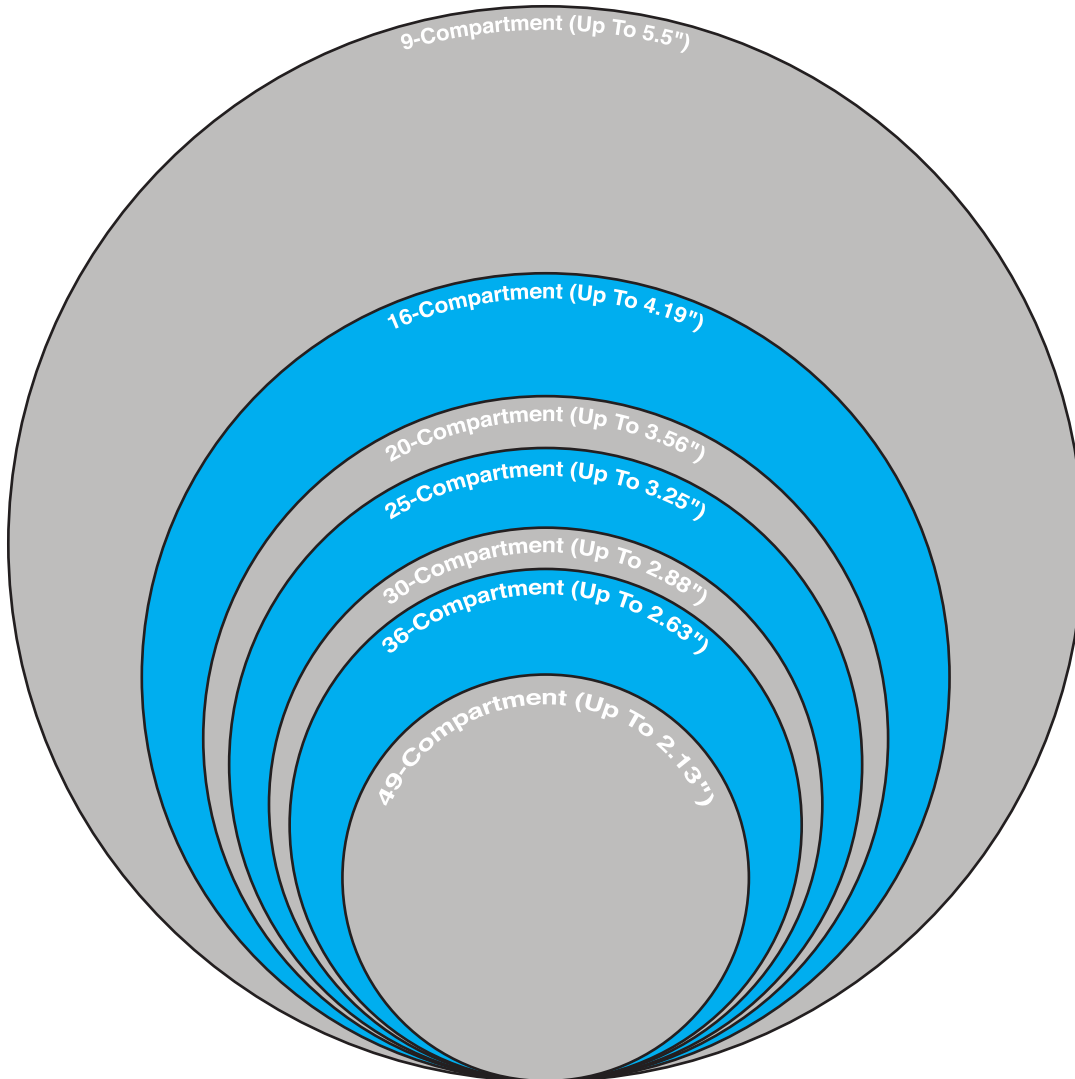

# Glass Rack Sizing Guide

## Instructions:

1. Place glass upside down on top of the middle circle of the sizing guide; center of the glass (or the stem on stemware) should be over the center of the guide.
2. Look down on the base of the glass.
3. Note the smallest circle on the guide where the largest outside diameter of your glass lines up completely within the circle without touching it – this is the number of compartments your rack needs to have.
4. Place lip of glass against the base line of the vertical guide on the right-hand side of the page with the base/foot of the glass pointing straight up towards the top of the page.
5. While holding the glass against the vertical guide, note where the base/foot of the glass lines up on the vertical guide – the next line above the base/foot on the guide indicates the number of extenders your rack will require.
6. Carlisle's unique OptiClean Warewashing rack system allows you to build the perfect rack for any application. Glasses with a maximum height exceeding 10.5" will need more than five extenders. Custom racks requiring more than five extenders are available for order by contacting a Carlisle FoodService Products customer service representative. Each extender adds approximately 1.5" of additional height to the inside compartment of the rack.
  - For glasses with a maximum diameter exceeding 6", Carlisle FoodService Products recommends using the RTP peg rack. The RTP peg rack can be custom ordered to accommodate any glass height.
  - Please contact a Carlisle FoodService Products customer service representative to place your order, or for more information about building the ideal rack for your needs.

## Sizing Guide

Note: Guide below represents diameter/size of recommended glass to fit corresponding compartment.

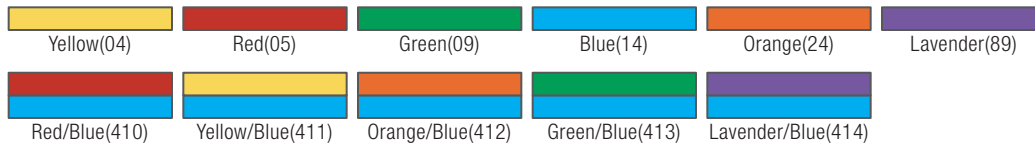

# OPTICLEAN®

## Color-Coded Glass Racks

- OptiClean Glass Racks with Color-Coded Extenders make it easy to identify glass rack size or match specific glassware with a specific rack simply by color
- Carlisle's OptiClean system includes a full range of glass racks designed to meet your needs
- Full dividers in the base offer complete protection for delicate rims
- NSF Listed

### Available Colors & Combinations

### New Color-Coded Options

#### Organize Your Operation

If your operation has multiple drinkware styles that need to be washed, stored, and easily identified, Carlisle has a solution to make work easier. Our OptiClean extenders are now available in six color choices. Use this option to color-code your glass racks and keep each piece of drinkware in its proper place. If you have multiple areas of serving within your establishment you can designate specific colors so that your fine dining stemware stays separate from the poolside drinkware.

## OptiClean NeWave Color-Coded Glass Racks

- Same features as our OptiClean Glass Racks with an added practical interior design that holds 20% more glasses than comparable square racks
- NeWave Glass Racks are a green choice as they help to lower your chemical usage and labor costs
- Rounded design holds glasses securely in place, resulting in less movement and breakage
- NeWave offers two compartment sizes designed to fit the most popular sizes of glassware and tumblers
- NSF Listed

### NeWave 20-Compartment

- Use for glasses & tumblers

### NeWave 30-Compartment

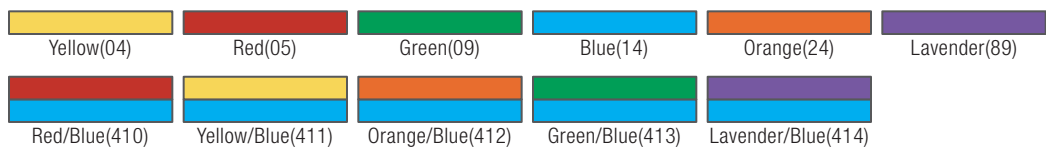

- Use for glasses & tumblers

## Dish Racks

OptiClean Dish Racks offer the safest and most sanitary cleaning choices for everything from the most fragile tableware to heavy-duty kitchen items such as utensils and cutlery. These racks are NSF Listed and offer all the same great features as the rest of Carlisle's wash racks such as sturdy double wall construction and Comfort Curve™ Handles molded into all four sides.

### Peg Racks

- Holds plates, trays, and platters at the best angle to take full advantage of today's multiple spray, high-pressure dishwashers
- Plate locks hold dishes firmly in place to protect delicate rims, reduce chipping and breakage
- Use with additional Open Extenders (RE) to create the perfect rack for irregular or oversize drinkware
- NSF Listed

### Tall Peg Plate & Tray Rack

- Extra tall 2.94" pegs are ideal for charger plates, pasta bowls, large platters, and trays

### Open End Peg Rack

- Tall 2.94" pegs with open ended design hold all types of trays, standard size baking sheets, and other long items

### Open/Bowl Rack

- Sturdy open bottom rack is ideal for all large bowls, containers, brushes, cookware, and cutlery

### Combination/Flatware Rack

- Bottom grid allows for free flow of water and air
- Keeps flatware in place for thorough washing and drying
- Perfect for ramekins, and other small items
- NSF Listed

# PLAQUE-A-RACK

Carlisle's Plaque-A-Rack System is the proven standard in custom rack labeling. The highly visible plaques fit up to three across on both bases and extenders for complete versatility. Plaques can be easily added, removed, or changed as needed. Sturdy reusable plaques are made from a high-impact plastic and won't come off during the normal wear and tear of daily usage – offering a permanent identification system for the life of your racks.

Plaque example shown above: XRG25-2 with 203, 303, 103

- Plaque-A-Rack provides four ways to customize your Glass Rack System:
  - glassware silhouette
  - glassware style by name
  - location of glassware usage or storage
  - custom color coding options
- Plaques are hot stamped for durability
- Plaques are Carlisle Blue(14), unless otherwise specified
- All plaques are 3" long by 1" high
- Racks can be ordered with up to three possible plaque imprints
- There is a \$4.16 U.S. list price charge per rack for each Plaque-A-Rack order (includes 2 plaques on 2 sides); special orders for plaques on all four sides have a \$8.32 U.S. list price (includes 2 plaques on 4 sides)
- Plaques may also be ordered separately at \$1.04 U.S. list price each
- Plaques are placed horizontally on two opposite sides of the rack along the top most edge
- Plaques snap on for a tight fit; won't fall off during normal use
- Plaques can be removed if necessary and are re-usable
- Allow ten working days for shipment of your standard order
- Plaqued racks sold in full case quantities only
- Please allow 4-6 weeks from approval of sample for custom plaques
- Custom imprinted plaques are \$1.04 U.S. list price each with an additional \$50 U.S. net price setup fee
- An additional \$142 U.S. net price dye charge will apply to any plaque order that does not include racks
- For custom color coding, please specify which color is to be used for each rack
- All plaque sales are final

## How To Order

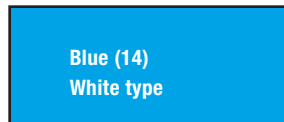

Follow instructions below and refer to the charts on the facing page for catalog numbers.

- Step 1:** Choose the glass rack that best fits your glassware.
- Step 2:** Plaque-A-Rack glass racks are identified by an "X" preceding the standard glass rack catalog number (example: "X"RG25-1 25-Compartment Plaque-A-Rack glass rack with one extender).
- Step 3:** Choose the different imprints you want from the types of plaque imprints available.
- Silhouette
  - Name of glassware
  - Location
- Step 4:** Place the three digit plaque catalog imprint product number next to the standard glass rack catalog number.

### EXAMPLE:

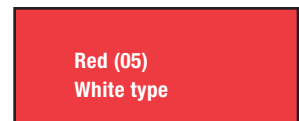

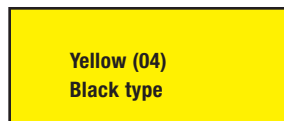

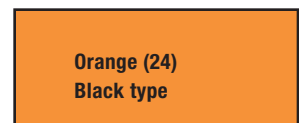

Rack Choice: RG25-1  
 Silhouette: Red Wine  
 Glassware Name: Red Wine  
 Location: Service Bar  
 Catalog No: XRG25-1    204    304    104

# FLOOR SWEEPS

## Fine

- Recommended use: Fine powder and dust removal on polished wood, marble, terrazzo, or ceramic tile floors
- Heavy-duty plastic block resists splitting and cracking and is unaffected by moisture
- Soft, flagged bristles

36204824

## Medium

- Recommended use: For general sweeping of smooth concrete, unpolished wood, vinyl and tile floors
- Heavy-duty plastic blocks resist splitting and cracking and are unaffected by moisture
- Horsehair-Polypropylene is a perfect blend of soft bristles for fine dust and stiff bristles for heavier debris
- Use black natural tampico bristles for heavy dirt
- Black polypropylene bristles resist oil and water while maintaining shape

40562

**Handles sold separately; see pages 276-279 for handle recommendations**

# DUSTPANS & SWEEPERS

## Lobby Pan & Broom Combos

- Lobby pans and brooms with sectional handles to give you over 50% reduction in carton size; lower cube saves warehouse space and shipping costs
- The lobby pans pivot and lock into place during use and release for easy carrying or emptying
- Handles feature a pivoting hanging hole at top for storage

### 361415 Combo includes the following:

- Serrated edge allows you to comb the broom's bristles and drop debris into the pan
- Handy clip to attach broom for convenient storage
- 30" two-piece handle made from vinyl coated steel

### 361416 Combo includes the following:

- Adjustable position head for more functional use in corners and under counters or tables
- Handy clip to attach broom for convenient storage
- Shelf-friendly packaging

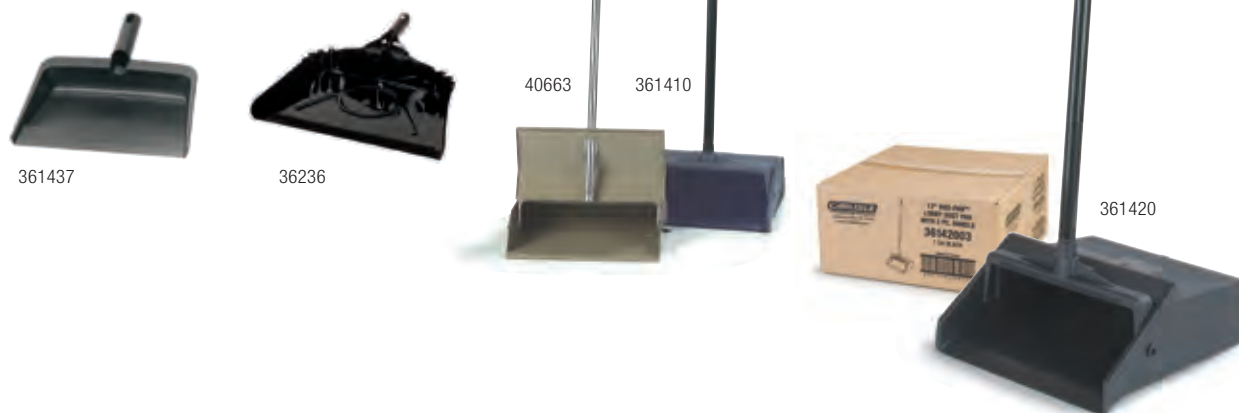

Black(03)

## Dust & Lobby Pans

- Dust Pans are available in metal or plastic as well as in a “flip-up” lobby style or hand held
- Dust pan (361437) features a 90° threaded handle hole to convert it to an economy lobby dustpan
- 361420 features a 2 piece handle which reduces the carton size saving warehouse space and shipping costs

## Floor Sweepers

- Brushless mechanical sweeper has non-marking rubber blades that grab fine particles and heavy debris from various types of floor surfaces
- Large capacity dust bins thoroughly clean blades as they rotate; won't re-deposit dirt like ordinary sweepers
- Easy one touch doors for emptying debris
- Shelf-friendly packaging

# FLOOR SCRUB BRUSHES

## Dual Surface Brushes

- Recommended use: Cleaning kitchen floors, under counters, around equipment, and along baseboards
- Floor scrubs are made with three different brush surfaces for cleaning at different angles
- Non-absorbent plastic blocks and synthetic bristles wash easily and prevent gathering of mold and mildew

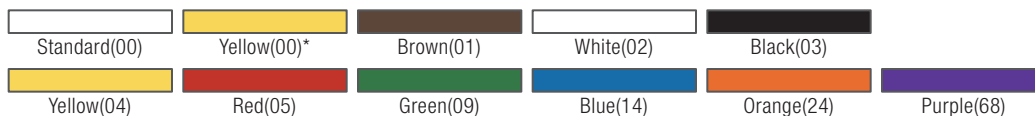

## Scrub Brushes

- Recommended use: Cleaning kitchen floors, under counters, around equipment, and along baseboards
- Polypropylene (PPY) bristles are stiff and long lasting under harsh conditions. PPY bristles resist oil and water making them ideal for back-of-house cleaning
- Tampico bristles provide durability and high resistance to solvents and heat
- Palmyra bristles are medium stiff and long lasting under harsh conditions
- Natural wood block

Handles sold separately; see pages 276-279 for handle recommendations

## Straight Rubber Squeegee with Metal Frame

- Durable construction
- Non-marking single red gum rubber blade with medium flexibility
- Heavy duty steel frame with red powder coating

## VersaClean™ Brush & Squeegee

- It's a broom, scrub brush and squeegee all in one! Can be used on wet or dry surfaces
- Unique non-marking synthetic rubber bristles can build electrostatic charge to pick up hair or other light debris from soft or hard floor surfaces
- Durable bristles are excellent for scrubbing
- Dishwasher safe making it one of the most hygienic broom and brush options on the market
- Resists most chemicals and withstands temperatures up to 212°F

Squeegee cleans up wet surfaces quickly

Picks up light debris from carpet, rugs, or bare floors

Use as an agitator for stubborn spots on tile or concrete

Built-in one-piece squeegee works on rough concrete surface

# WET MOPPING GUIDE

Use the guide below to help choose the right products for your floor care needs.

## General Mopping

Choose mops with high absorbency, release and durability. If laundering facilities are available, it is beneficial to take advantage of launderable mops to save money. For performance and durability choose a synthetic blend or rayon mop with looped end and woven tailbands.

## Yarn

- It is important to choose the right mop in order to get maximum efficiency
- Some yarns naturally perform specific cleaning tasks better than others

## Yarn Ply

- Yarn ply is the number of strands twisted together to make a single yarn strand
- Although more plies give added strength, it does not always mean higher quality yarn
- More strands can add durability, but they decrease absorbency
- It is better & more cost effective to choose a higher quality yarn than a high ply, low quality yarn

## Twist

- The “twist” of a yarn is a result of how tightly the fiber strands are wound together
- A tightly twisted yarn might have more strength & last longer, but it can have less absorbency
- The best choice is determined by the type & quality of the yarn, as well as the mop’s construction
- Mops with looped-end construction allow the yarn to have a loose twist without the fraying

## Finish Mopping

For finish mopping applications look for a rayon or synthetic mop. These mops offer high absorbency and release. To make sure you are achieving maximum floor coverage with minimal streaking choose a tailband and looped end yarn.

	Advantages	Disadvantages	Use
<b>Cotton</b>	Good absorption & retention with limited shrinkage & a low initial cost.	Break-in period required. Slow drying yarn leads to mildew & deterioration. Lints.	Designed for general use. Scrubbing & cleaning up liquids.
<b>Synthetic</b>	Long stable fiber offers excellent tensile strength without linting.	Higher cost. Poor absorption.	Rough surfaces.
<b>Cotton Synthetic Blend</b>	Excellent choice for performance, price & durability. Synthetic fiber offers durability & color options.	Possible shrinkage.	Requested by professionals who require a better, longer lasting mop.
<b>Rayon</b>	Absorbs quickly with easy release. Dries fast & is mildew resistant. Cleaner yarn with less linting.	Shrinks when laundered and has less liquid retention.	Use for applying liquids such as disinfectant or floor finishes.

## Band Styles

**Wide Band**  
Vinyl coated mesh. 5" Width

**Narrow Band**  
Textured polyester tape. 1.25" Width

**Screw Top**  
Textured polyester tape with a metal screw on attachment. 1.25" Width

## Handle — Jaw Style

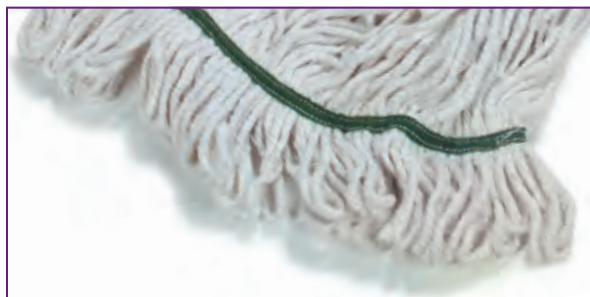

## Handle — Quick Change/Release

## Handle — Screw In

## Cut-End Or Looped-End

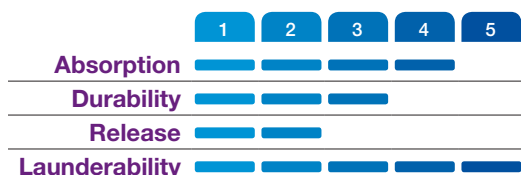

### Cut-End

- Cut-end mops are the most popular
- Low purchase price compared to looped end
- Cannot be laundered
- Cover less area per pass when mopping

### Looped-End

- Superior performance & lasts longer than cut-end mops
- Launderable
- Tailband style gives better mopping coverage
- Looped-ends prevent fraying & unraveling so you can achieve reduced labor costs & replace mops less often
- Although the initial investment is more than a cut-end style, the life expectancy makes looped-end mops a more economical choice

## How We Rate Our Mops

### Absorbency

The absorbency of a mop refers to the ability to pick up and retain liquid. Higher levels allow faster floor drying times, leading to greater productivity and safety. Rayon and cotton yarns have the highest absorbency.

### Durability

Mop durability is a measure of how long it will last or perform before needing replacement. Synthetic and blended mops are the most durable.

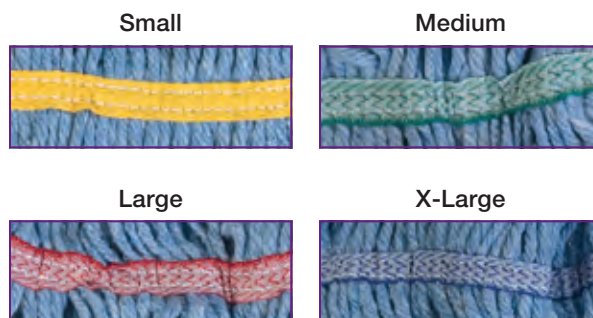

### Release/Retention

Release is the ability of a mop to disperse liquid onto the floor or during wringing. Higher levels allow faster and more complete wringing, as well as more efficient application of cleaning solutions on the floor.

### Launderability

The launderability is based on the number of washing cycles it can withstand before the construction of the mop is degraded. Synthetic and blended fiber mops have the highest levels of launderability.

### Sizes Are Indicated By Tailband Color

### Brick Packs

Mops that are available in brick packs reduce cube up to 62%

(Item #'s ending with a "B" are sold in brick packs)

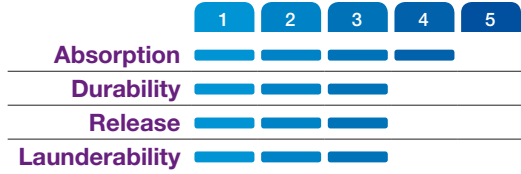

# LOOPED END MOPS

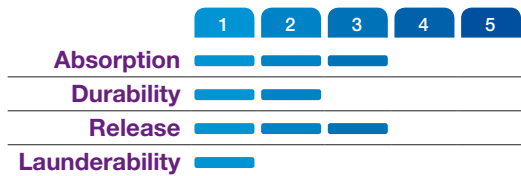

## Synthetic/Cotton Blend Looped-End

- Maximum Durability
- 50-75 uses per mop
- S, M, and L are available in brick packs

## 4 Ply Cotton Looped-End

- All purpose for general cleaning
- Packaged in brick packs

Handles sold separately; see pages 288-289 for handle recommendations

### Microfiber Looped-End

- Microfiber mop combines the absorbency and durability of microfiber with conventional mop design and functionality
- Washable mop dries quickly and is still effective with 500 washings
- See pages 280-281 for a complete list of microfiber products

### Rough Surface Looped-End

- 17 oz knitted fleece provides twice the absorbency of cotton yarn mops
- Excellent for abrasive surfaces: stone, quarry, tile, and concrete

## Boot 'N Shoe Brush

- Helps eliminate dirt, and other contaminants from being tracked into food prep and serving areas
- Chromed steel tube frame can be bolted to floor for security; brushes flip up to expose a steel scraper
- Non-absorbent plastic block construction with long lasting blue polypropylene bristles

## Bowl Brushes

- Bowl brushes are available in a variety of styles and bristle materials
- 40140 has 180° bristle head to prevent splash-back
- 36232 and 36233 have all-natural cotton yarn securely attached to smooth wood handle

## Ergonomic Force Cup

- Ergonomic design maximizes applied force while maintaining ease and longevity of use
- Over-molded rubber handle for easy grip
- 21" plastic handle is non-absorbent and more sanitary than wood handles

# CARTS

Our unique combination of **space saving design, load capacity, and long-lasting durability** provide superior value and make Fold 'N Go the transport cart every foodservice operation needs.

## Fold 'N Go® Carts

- Folds and unfolds in a single, quick and easy motion
- Each cart holds up to 350 lbs (approximately 116 lbs per shelf)
- Cart ships fully assembled; no tools or complicated latches required
- Collapses to 9" width and 10.5" width; stores easily behind doors, in between counters, or back of delivery vans
- Shelves are easy to clean; top shelf has ergonomically shaped, easy grip handles at both ends for a fast, secure grip
- SBC1521 shelf measures 20.5" L x 15" W; SBC2031 shelf measures 31.5" L x 18.5" W; with 11.5" shelf spacing
- 4" heavy-duty, non-marking swivel casters with molded-in metal reinforcement plates are permanently staked to .75" solid aluminum legs for longer life and added strength and rigidity

Licensed Product under U.S. Patent No. 5806864

SBC1521

SBC2031

350 lb Capacity

Easily folds with one hand

Replacements parts shown on pages 333

## Bussing Carts

- Durable construction stands up to the toughest use
- Shelves are textured to minimize scratches and provide a better grip
- Convenient knockdown design is easy to assemble
- Available with optional back panels to hide clutter or locking doors to secure sensitive items like liquor or cleaning supplies (15" x 21" size only)

Replacements parts shown on pages 333

CC2036DP, available with locking doors and side panels to secure sensitive items

Trash container and silverware holder sold separately

Raised edges on shelves help keep contents secure during transport

Side panels help hide clutter

Durable construction will stand up to the toughest use

# DISH DOLLIES

## Optimizer™ Adjustable Dish Dollies

- Adjustable dividers eliminate the need for individually sized dollies
- Dollies hold plates from 5.5" to 12.5"
- Polyethylene dividers and walls help prevent dish edge chipping
- Two-handed access to all plates reduces breakage
- Non-marking casters (2 locking, 2 non-locking) for easy transport of loaded dollies
- Includes vinyl cover with easy-opening hook & loop side included for sanitary storage
- Replacement parts are listed on page 333
- NSF Listed

### ADD4, ADD6 Optimizer Dollies Also Feature:

- Most flexible dolly available; holds trays, plates, and platters
- ADD6 holds oval platters from 9.5" x 7.25" to 13.5" x 10.5"
- Holds 5 stacks of 9.88" to 11.25" plates; 25% more than any other similar dish dolly
- Holds 8 stacks of 5.5" to 8.25" plates; 33-50% more than any other similar dish dolly (up to 50 or more plates per stack, depending on plate profile)
- Use 2 to 4 dividers for 10" or larger plates; 6 dividers for 8" to 9.75" plates; 8 dividers for 8 stacks of 7.75" or smaller plates
- 2 dividers for 13.5" x 10.5" platters; 6 dividers for 9.5" x 7.25" to 12" x 9.25" platters.

### ADS4, ADS8 Optimizer Dollies Also Feature:

- Smaller size fits through narrow corridors or under tables
- Flexible configuration holds a variety of plates and platters

# JANITORIAL CARTS

## Janitorial Carts & Accessories

- Rugged polypropylene resists cracking, peeling, and corrosion
- Three durable shelves with raised edges keep items organized
- Platform base holds a Bucket/Wringer or 23 gallon TrimLine™ Waste Container
- Includes a 25 gallon nylon bag for waste or laundry collection
- 3" standard Carlisle non-marking swivel casters in front; large 8" non-marking rear wheels

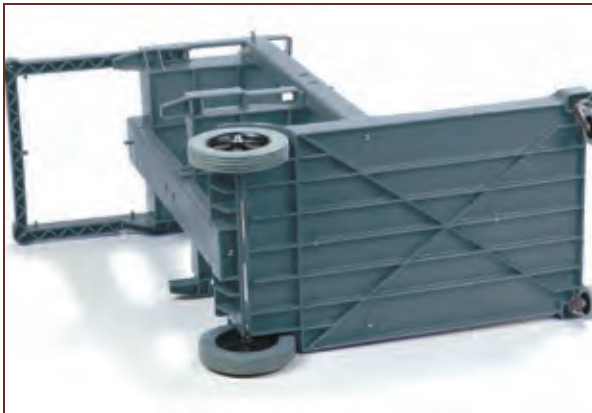

Integrated tool holders, shelves, and hooks keep everything organized including unwieldy handles.

Front hooks hold most standard Wet Floor Signs. Built-in hanger holds multiple spray bottles.

Structurally reinforced base and heavy-duty casters/wheels withstand rough use – holds up to 300 lbs.

Tough 25 gallon nylon bag easily attaches to cart arm. Hooks on top of arm to hold trash liners in place. Arm swings up for more compact storage when not in use.

JC1945CB

**Tool Caddy**

- Handled caddy fits in the top compartment of the JC1945 cart series
- Deep compartments prevent spills
- Made of durable polypropylene

# CUSTOM IMPRINTING

## Camera-Ready Artwork For Silk Screening

- Digital artwork must be high resolution (300 DPI) as an EPS, PDF, TIFF, or JPG. Artwork should be sent in the original format in which it was created. Artwork must also be properly separated when more than one color is used.
- At customer's request, we will prepare camera-ready art at an artist fee of \$100.00/hour.
- Since the design possibilities are governed by the item to be imprinted, details of all artwork must be submitted to Carlisle FoodService Products for consideration before an order can be accepted.

### Samples

- With a firm order, we will provide ONE sample for approval before final production.
- A NET charge of \$75.00 must be paid in advance to request one imprint sample without a firm purchase order. This charge also applies if your order is canceled after receipt of sample, prior to production. The \$75.00 NET charge is in addition to the set-up charge.

### Set-Up Charge

- \$50.00 net for one color, one side. \$25.00 net for each additional color and side.
- One-time film charge of \$15.00 net per color. Charge covers 8.5" x 11" film.

### Terms

- Delivery of plus or minus 10% within the quantity ordered constitutes fulfillment of the order and payment shall be made on the basis of actual delivery.

### Returns

- Custom decorated products are not accepted for exchange or refund.

### Case Lots

- All orders sold in full case lots only.

### Questions

- Contact your local Carlisle Sales Representative or your Customer Service Representative for more information.

# DURUS® WARRANTY & CARE

## Durus Dinnerware 4 Year Limited Warranty

Durus Dinnerware is shown on pages 12-13. Durus must be handled like any fine dinnerware. Carlisle FoodService Products agrees to extend a limited four year Warranty against breakage on its Durus line of dinnerware provided that the following procedures for care are observed:

- Do not use steel wool, harsh abrasive pads, abrasives, or scouring compounds, chlorine bleach, or chlorine based solutions in the washing process of this dinnerware. Do not intentionally strike or bang against counters or hard objects to remove debris. All debris should be removed by hand using a nylon or silicone plate scraper, sponge, or soft bristle brush. Do not place Durus dinnerware in a standard oven or microwave oven. Do not expose Durus to direct flame or dry heat over 180°F.
- Upon receipt of your shipment, complete one Warranty Card enclosed with your purchase. If this card is not completely filled out and forwarded to Carlisle FoodService Products, the Warranty is null and void.
- This Warranty herein extends only to the original user (purchaser), and is not assignable, or transferable, and shall not apply to any parts which have been subject to alteration, misuse, negligence, or accident. This Warranty does not cover chipping or staining of the product.
- Should any breakage occur during the limited Warranty, which commences on the date of delivery or receipt, please contact Carlisle's Customer Service Department at 800.654.8210 for return authorization and shipping instructions.

In light of the express four (4) year Limited Warranty provided by Carlisle FoodService Products, the duration of any implied warranties, including any implied warranties of the merchantability of fitness for a particular purpose, is hereby limited in all respects to the period covered for the express Warranty. Except for its Warranty obligations, Carlisle FoodService Products shall not be liable to the purchaser or to any other person, to the maximum extent permitted by law, for any loss or damages of any kind, including but not limited to, incidental, special, or consequential damages or loss of profits, arising out of or in connection with the use, loss of use, or replacement of the warranted products. Misuse, abuse, negligence, or failure to follow the Durus care and use instructions will render this warranty null and void.

### How to Care for your Durus Dinnerware

- Do handle Durus like any fine dinnerware.
- Use only non-abrasive cleaning pads that do not contain any mineral grit as this will scratch the melamine surface, or use any Carlisle plastic bristled brush to remove dried-on food.
- Do pre-soak Durus, if desired with a non-chlorinated pre-soak.
- Do remove hard water film, food residue, and dried-on stains using a simple paste made from an oxygenating or alkaline pre-soak powder according to detergent manufacturer's directions.
- Do wash Durus in a good quality, non-chlorinated, highly alkaline dishwashing compound.
- Do not place Durus in a microwave oven.
- Do not place Durus in a conventional oven.
- Do not expose Durus to direct flame or dry heat over 180°F.
- Do not use harsh abrasive cleaner, steel wool, or metal scouring pads.
- Do not use chlorine bleach or chlorine based cleaning/sanitizing solutions.
- Do not overload dishwasher racks.
- Do not strike or bang Durus to remove food debris.

# TERMS & CONDITIONS — Carlisle FoodService Products

## 1. Terms and Method of Payment

- a. All orders are subject to approval and acceptance by SELLER. No order accepted by SELLER shall be subject to cancellation, termination, suspension, change, reduction, cutback or other modification except with SELLER'S prior written consent.
- b. Our standard terms of payment are net 30 days from invoice date. The amount of terms of credit, if extended, may be changed or credit withdrawn by SELLER at any time. No orders will be shipped on a COD basis.
- c. Prices do not include federal, state or local taxes, duties or other levies, now or hereafter enacted, applicable to the items deliverable under the sales order or invoice (hereinafter called ITEMS), which taxes, duties, or other levies will be added by SELLER to the sales price and will be paid by BUYER unless BUYER provides SELLER with a proper exemption certificate.
- d. Packaging for commercial shipment is included in the contract price. Any special packaging, crating or shipping instructions must be noted on BUYER'S original order and acknowledged by SELLER.

## 2. Title and Delivery

The ITEMS shall be delivered F. O. B. SELLER'S plant, and title thereto shall pass to BUYER, upon SELLER'S delivery of the ITEMS to a common carrier for shipment to BUYER. All items from the Carlisle FoodService Products catalog may be combined to obtain prepaid freight, regardless of the shipping point. Freight is prepaid on all orders totaling \$2,500 net or more to one destination within the contiguous 48 United States. Freight on prepaid International Shipments will be paid on normal ground transportation from shipping point to the consignee. When the order qualifies for prepaid freight, Seller shall have the right to select the means of transportation. If Buyer requires a means of transportation other than the one normally selected by Seller, any extra cost incurred by reason of using such other means shall be paid by Buyer. Palletized international orders requiring heat treated pallets will be charged \$4.25 net per pallet. International orders requiring heat treated certified bark-free pallets will be charged \$18.50 net per pallet. Any accessorial charges incurred because of a customer request will be the responsibility of the requester. Any items backordered from a prepaid shipment will be forwarded prepaid. Items backordered from ex works shipments will be forwarded ex works.

## 3. Inspection and Acceptance

Thoroughly inspect all shipments. Do not accept a damaged or short shipment until exception is noted on the freight bill. BUYER will be held responsible for all shipments with freight bills signed free and clear. If concealed damage is discovered, contact the freight company immediately for inspection. Concealed damage must be reported to the carrier within 7 days of receipt. All damaged goods and shortages that are not properly documented and reported upon receipt become the sole responsibility of the BUYER.

## 4. Patent Indemnification

SELLER shall protect and indemnify BUYER and its directors, officers, agents and employees against all claims for damages or profits, including all reasonable costs incurred by BUYER in connection therewith, arising from infringement of patents, copyrights, trademarks or misappropriation of designs.

## 5. Returns and Cancellations

No returns will be accepted without an authorization number from Carlisle Customer Service. An authorization number may be obtained by calling 800 654 8210 and requesting a Return Authorization from Customer Service. All requests for return must occur within 90 days of the original shipment of the product unless special authorization is obtained. Merchandise returned without authorization will be refused and returned to the customer, freight collect.

Any merchandise must be returned freight prepaid, and is subject to a minimum of 15% restocking charge.

All returned goods must reference the original invoice and purchase order. Returned goods must be in original standard packs and in unused salable condition. Special Order Products and discontinued items will not be accepted for exchange or return. This includes any articles custom imprinted or modified for purchaser.

## 6. General

- a. All prices are list and subject to change without notice. Orders from authorized accounts will be accepted with the understanding that prices are those in effect at the time of shipment. These prices are exclusive of all sales taxes which may be levied by State, Federal, or City governments.
