## D&W Fine Pack

D&W Fine Pack is one of the largest foodservice packaging firms in North America and operates in six facilities throughout the U.S. and Canada. We offer a broad line of foodservice and food packaging solutions, including tableware, containers, cutlery, straws and meal kits. We are also committed to growth and customer responsiveness through the development of unique and innovative packaging and material solutions.

D&W Fine Pack is a portfolio company of Mid Oaks Investments and was formed by the merger of four distinguished foodservice packaging manufacturers:

- *Wilkinson® Industries*
- *Dispoz-o™ Products*
- *C&M Fine Pack®*
- *Tri-City Packaging*

The companies which came together to form D&W Fine Pack bring a combined history of more than 100 years of engineering innovation and many firsts in the foodservice packaging sector. These pioneering projects include producing the first aluminum TV dinner tray for Swanson, serving as an early innovator in cutlery with the production of the "spork," being the first company to thermoform foodservice containers made from PLA and recycled carbon dioxide blown foam for food packaging.

D&W Fine Pack products are manufactured from aluminum, HIPS, OPS, PETE, PLA, PP, and PS, and are used in the following foodservice sectors:

- **Catering**
- **Convenience stores**
- **Education, healthcare, business and industry**
- **Grocery and processor** – deli, bakery, fresh-cut produce, and prepared meals
- **Restaurants** – fast casual, full-, quick- and limited-service

A broad product portfolio, extensive materials expertise, industry leading innovation along with superior service and support make D&W Fine Pack the company of choice.

## Leadership in Sustainable Packaging

We provide foodservice packaging solutions that meet your needs, while reducing future environmental impact through innovative design, material selection and research.

As a committed leader in environmentally friendly initiatives, D&W Fine Pack prides itself on evolving to meet changing market demands, while promoting packaging that uses sustainable materials and methods.

D&W Fine Pack offers a full line of sustainable products for foodservice packaging, including tableware made from 100% sugarcane fiber, containers manufactured with a PLA biopolymer and tableware, cutlery and straws manufactured with an active organic catalyst (AOC) to accelerate the degradation rate. Additional sustainable products made with PETE, filled PP and aluminum—the most recyclable materials—are available throughout the catalog.

**revive®** is manufactured from 100% sugarcane fiber, an annually renewable resource.

**NaturesPLAstic®** is manufactured from Ingeo™ NatureWorks® PLA biopolymer, an annually renewable resource.

**envioware** is manufactured with an active organic catalyst (AOC) developed to accelerate the degradation rate.

Ingeo™ and NatureWorks® are trademarks of NatureWorks LLC

## Custom Solutions

At D&W Fine Pack, we are committed to developing the right package for your application. We provide thousands of product solutions to meet your food packaging needs, and our collaborative process starts with a comprehensive system review and product-to-package analysis. Through our custom design services, we offer:

Broad materials expertise to provide solutions that meet your performance specifications.

Design capability for category-managed packaging optimization.

Customized packaging with printing, embossing or a wide range of colorful laminations.

## Custom Design Capabilities

D&W Fine Pack's design team can create the perfect solution for your specific needs and requirements. Capabilities include 3-D modeling, virtual product rendering and rapid prototype capabilities. Our in-house team offers expertise to develop production-equivalent functional prototype products for application testing. Our internal engineering CNC machines are dedicated to prototype creation for fast turnaround on prototype samples, while our stereolithography prototyping provides enhanced prototype evaluation. Finally, in-house tool design and mold/tool repair ensure excellent quality control.

## Extensive Material & Process Expertise

From design through manufacturing, our deep experience across a broad range of materials and processes means the best solution for your packaging requirements.

- Extensive experience with a broad range of materials, including PETE, PP, OPS, HIPS, PS, PLA and aluminum.
- Materials to cover a full range of temperature applications including freezer, oven and microwave use.
- **Proprietary C-Fine™** material with micro-cell structure for improved insulating and materials properties.
- **Exclusive C-Green®** material utilizes significantly less resin for lower cube and reduced shipping cost.
- Renewable materials expertise includes:
  - **revive\*** tableware and containers made from 100% sugarcane fiber
  - **NaturesPLastic®** containers made from Ingeo™ PLA biopolymer
- Anti-fog application technology.
- Dual-side product lamination capabilities provide oxygen barriers, film seals and decorative finishes.
- Additional capabilities include condiment fill technology, printed straw wrapping and printed kitting for cutlery, napkins, straws and condiments.

## Food Safety

At D&W Fine Pack, cleanliness and food safety practices are rigorously followed, and third party certification documents our adherence to the industries best practices.

Certification requirements consist of prerequisite programs, which encompass every raw material used from supplier approval, GMP (good manufacturing practices) and external auditing to pest control, chemical control, customer complaint, product recall, traceability and allergen control programs.

HACCP (hazard analysis critical control points) assures, through risk assessments and finished product profiles, that every process step utilized in the manufacturing of finished goods is documented, controlled and safe for the general public.

### Fountain Inn, SC facility is:

- Superior certified through AIB International (American Institute of Baking)
- FDA Bio-Terrorism Act of 2002 registered (#15505781591)
- SCDA (South Carolina Department of Agriculture) registered (#52001332)
- iCiX (International Compliance Information Exchange) registered

### Ft. Calhoun, NE facility is:

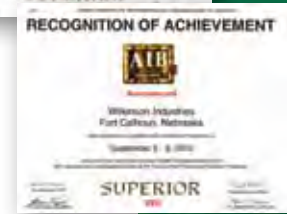

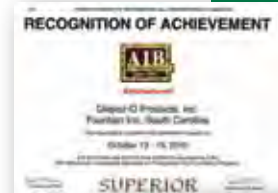

- Superior certified through AIB International (American Institute of Baking)

### Ft. Wayne, IN facility is:

- Silliker certified

### San Bernardino, CA facility is:

- Silliker certified

## Material Listing & Temperature Ranges

CODE	EXPLANATION	TEMPERATURE RANGE
<b>Alum</b>	Aluminum	-20°F ↔ 400°F
<b>Board</b>	Foil/Board Lids for Aluminum Containers	-20°F ↔ 350°F
<b>HIPS</b>	High Impact Polystyrene	0°F ↔ 180°F
<b>OPS</b>	Oriented Polystyrene	20°F ↔ 180°F
<b>PS</b>	Polystyrene	20°F ↔ 150°F
<b>PETE</b>	Polyethylene Terephthalate	-20°F ↔ 120°F
<b>PLA</b>	Polylactic Acid	0°F ↔ 105°F
<b>PP</b>	Polypropylene	0°F ↔ 250°F
<b>TFPP</b>	Talc-filled Polypropylene	0°F ↔ 250°F
	Sugarcane Fiber - Bagasse	-40°F ↔ 400°F
<b>Exclusive materials from D&amp;W Fine Pack</b>		
<b>CF</b>	Expanded Polystyrene: C-Fine™	0°F ↔ 150°F
<b>CT</b>	Talc-filled Polypropylene: C-Green®	0°F ↔ 250°F

## Custom

### MEAL KITS

D&W Fine Pack manufactures kits with every component produced within our facility for assured quality control.

Make your own kit! Select from any of our cutlery sizes and weights, napkins, straws, and condiments. We offer a wide selection of one and two ply napkins in a variety of colors and sizes. Custom printed napkins and overwrap are a great way to promote your brand.

- **Random printed napkins in up to four colors**
- **Registered printed napkins in one color**
- **Custom packaging of your private label condiments**
- **Random or registered custom printed overwrap film, in up to four colors**
- **We can help you produce the logo and layout for your kit**
- **Six grades of cutlery available in five colors**
- **Low minimum order requirements**

# Straws & Stirrers

---

When it comes to variety and quality, our straws and stirrers stand out. With a range of colors, shapes, and designs, including wrapped or unwrapped, flexible, jumbo or giant, we offer the right product to match your needs. Custom colors and sizes are available on request.
