# Stalkmarket's® family of brands

Our products are BPI certified compostable

Stalkmarket® is the leading supplier of 100% compostable plant-based coffee cups, lids, tableware, cutlery and food packaging.

## - Sugarcane Tableware

- The heaviest, most functional line of sugarcane products in the market today
- Stalkmarket brand molded pulp is widely considered the industry standard
- All natural fiber and GMO free

## planet+® - Hot Cups and Food Containers

- The world's first BPI certified compostable lid
- Highest quality paperboard with Ingeo™ based biopolymer
- Custom printing with soy-based inks
- Low quantity minimum orders

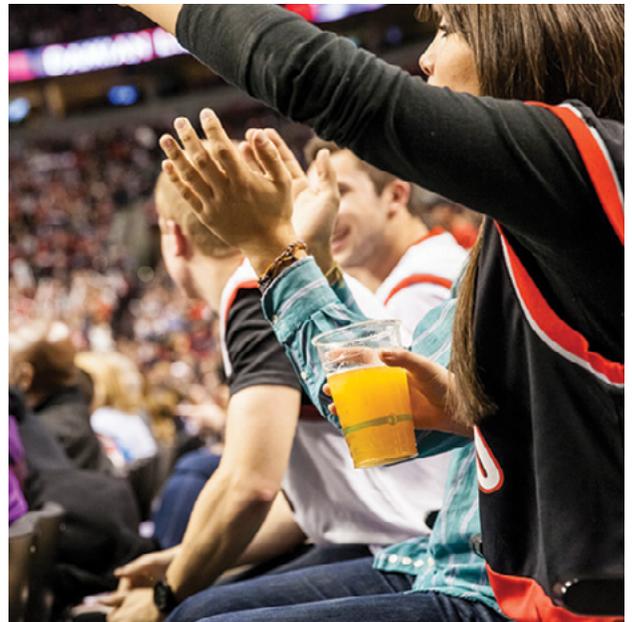

## - Clear Cold Cups

- One size lid fits 9-24 oz. cups
- Flat and dome lids available
- Custom printing with soy-based inks
- Low quantity minimum orders

## - Cutlery

- New and improved
- Full length
- Made with Ingeo™ based polymer
- High heat tolerant to 185+ F

The Stalkmarket family of brands is a proud partner of the Portland Trail Blazers.

# Compostable Cutlery

Made from all-natural and sustainable resources by StalkMarket®

Item Number	Product Description	Case Pack	Case Dimension	Case Cube	Case Wt (lbs)
CPLA-001	Compostable Knife (6.5")	1000 (20-50s)	13.6x9.1x6.9"	0.49	11.1

## Planet+ Blue: Earth and Ice Friendly, Cost-Effective Compostability!™

Planet+ Blue cold cups and lids share the look and performance of standard cold beverage single use packaging products, but use plant-based biopolymer Ingeo™ materials.

- A vibrant blue icon in the compostable logo differentiates it from the companion line of Planet+ hot cups with the orange icon
- Compostable lids made from Ingeo™ biopolymer, allowing increased flexibility and strength
- Premium SFI paperboard, feel and perform like traditional products, without petrochemicals
- Double-lined with Natureworks Ingeo™ biopolymer – made from all natural plant sugars
- Fully compostable within 60 to 90 days in commercial composting facilities
- Meets ASTM D6400 compostable standards and BPI certified
- Cedar Grove approved
- 4 color custom printing available
- Not recommended for microwave

# Design & Printing Guidelines

Your Guide to Printing on StalkMarket, Jaya and Planet+ Products

---

## What to Send Us

- Vector-based files to print. File types: .ai, .eps or .pdf as long as they aren't flattened. All files need to be outlined and vector-based (exported for print, press quality resolution)
- All type needs to be outlined, so convert fonts to paths. Text becomes a vector shape and will look no different than its original state
- Submit 300dpi photo files at full project size or larger
- DON'T use Word, low res .jpg or Powerpoint files; most often they do not print correctly

## Identifying Color for Your Job

When should you use Spot vs. 4-Color Process/CMYK?

- If your job uses just a few colors (three or less) - use **Spot** color

For example:

PMS 072

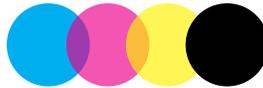

PMS 382

PMS 129

- If your job uses more than three colors or if it has shadows, color gradations or includes a photo - use a **CMYK** build

The build colors are cyan, magenta, yellow and black:

## Our Process

- Send us your artwork and/or layout
- We return an electronic production proof for your approval
- With your approval, production begins

**DO NOT** submit the following formats: BMP, GIF, Word Documents (.doc or .docx), PowerPoint (.ppt), Excel (.xls or .xlsx)

---

Contact us at 503.295.4977 if you have any questions about preparing your files.
